New Delhi, the 16th July, 1997

S.O. 1885.—Whereas by the Notification of the Government of India in the Ministry of Coal number S.O. 1751 dated the 15th May, 1996 issued under sub-section (1) of section 4 of the Coal Bearing Areas (Acquisition and Development) Act, 1957 (20 of 1957) (hereinafter referred to as the said Act) and published in Part-II, Section 3, Sub-section (ii) of the Gazette of India, dated 15th June, 1996, the Central Government gave notice of its intention to prospect for Coal in 429.124 hectares (approximately) or 1060.36 Acres (approximately) of the lands in the locality specified in the schedule annexed to that notification;

And whereas the Central Government is satisfied that coal is obtainable in the said lands;

Now, therefore, in exercise of the powers conferred by sub-section (1) of Section 7 of the said Act, the Central Government hereby gives notice of its intention to acquire the rights to mine, quarry, bore, dig and search for, win, work and carry away minerals in the lands measuring 429.124 hectares (approximately) or 1060.36 acres (approximately) described in the Schedule appended hereto:

NOTE : 1.—The Plan Bearing No. : SECL/GM-(PLG)[Land]178 dated the 17th December, 1996 of the area covered by this notification may be inspected in the office of the Collector, Bilaspur (Madhya Pradesh) or in the Office of the Coal Controller, 1, Council House Street, Calcutta-700 001 or in the Office of the South Eastern Coalfields Limited (Revenue Section), Seepat Road, Bilaspur-495006 (Madhya Pradesh).

Note 2 :—Attention is hereby invited to the provisions of section 8 of the said Act, which provides as follows:—

OBJECTION TO ACQUISITION:

"8 (1) Any person interested in any land in respect of which a notification under section 7 has been issued may, within thirty days of the issue of the notification, object to the acquisition of the whole or any part of the land or of any rights in or over such land;

Explanation:—It shall not be an objection within the meaning of this Section for any person to say that he himself desires to undertake mining operations in the land for the

production of coal and that such operations should not be undertaken by the central government or by any other person.

- (2) Every objection under sub-section (1) shall be made in writing, and the competent authority shall give the objector an opportunity of being heard either in person or by a legal practitioner and shall, after hearing all such objections and after making such further inquiry, if any as he thinks necessary, either make a report in respect of the land which has been notified under sub-section (1) of section 7 or of rights in or over such land, or make different reports in respect of different parcels of such land or of rights in or over such land, to the Central Government, containing his recommendations on

the objections, together with the record of the proceedings held by him, for the decision of that Government.

- (3) For the purpose of this section, a person shall be deemed to be interested in land who would be entitled to claim an interest in compensation if the land or any rights in or over such land were acquired under this Act".

NOTE: 3.—The Coal Controller, 1, Council House Street, Calcutta-700 001, has been appointed by the Central Government as the competent authority under section 3 of the said Act, vide notification number S.O. 905, dated the 20th March, 1987, published in Part II, Section 3, sub-section (ii) of the Gazette of India, dated the 4th April, at pages 1397 to 1400.

का.आ. १८३२ .- केन्द्रीय सरकार को यह प्रतीत होता है कि लोकहित में यह आवश्यक है कि गुजरात राज्य में बाढ़ीनार से मध्य प्रदेश राज्य में भीना तक पेट्रोलियम के परिवहन के लिए भारत ओमन रिफाइनरीज लिमिटेड द्वारा पाइपलाइन बिछाई जानी चाहिए;

और उक्त पाइपलाइन बिछानेके प्रयोजन के लिए इस अधिसूचना से उपाबध अनुसूची में वर्णित भूमि में, उपयोग का अधिकार अर्जित करना आवश्यक है;

अतः, अब, केन्द्रीय सरकार, पेट्रोलियम और खनिज पाइपलाइन (भूमि में उपयोग के अधिकार का अर्जन) अधिनियम, 1962 (1962 का 50) की धारा 3 की उपधारा (1) द्वारा प्रदत्त शक्तियों का प्रयोग करते हुए उसमें के उपयोग का अधिकार का अर्जित करने का आशय घोषित करती है ;

उक्त अनुसूची में वर्णित भूमि में हितबद्ध कोई व्यक्ति, भारत के राजपत्र में यथा प्रकाशित इस अधिसूचना की प्रतियाँ साधारण जनता को उपलब्ध करा दिए जाने की तारीख से 21 दिन के भीतर, उनमें उपयोग के अधिकार के अर्जन या भूमि में पाइप लाइन बिछाने के संबंध में लिखित में आक्षेप, सक्षम प्राधिकारी, श्री के. एन. दूबे, भारत ओमन रिफाइनरीज लिमिटेड, ए-1/3, "प्रशांति", वेदनगर, सौंवेर रोड , उज्जैन, (म.प्र.) को कर सकता है।

नई दिल्ली, तारीख १ अगस्त, 1997

का. आ. । १८६.- केन्द्रीय सरकार को यह प्रतीत होता है कि लोकद्वित में यह आवश्यक है कि गुजरात राज्य में बाढ़ीनार से मध्य प्रदेश राज्य में बीना तक पेट्रोलियम के परिवहन के लिए भारत ओमन रिफाइनरीज लिमिटेड द्वारा पाइपलाइन बिछाई जानी चाहिए;

और उक्त पाइपलाइन बिछाई जानेके प्रयोजन के लिए, इस अधिसूचना से उपायध्य अनुसूची में वर्णित भूमि में, उपयोग का अधिकार अर्जित करना आवश्यक है;

अतः, अब केन्द्रीय सरकार, पेट्रोलियम और खनिज पाइपलाइन (भूमि में उपयोग के अधिकार का अर्जन) अधिनियम, 1962 (1962 का 50) की धारा 3 की उपधारा (1) द्वारा प्रदत्त शक्तियों का प्रयोग करते हुए, उसमें के उपयोग के अधिकार का अर्जन करने के अपने आदाय की घोषणा करती है :

उक्त अनुसूची में वर्णित भूमि में वितनबद्ध कोई व्यक्ति, उस तारीखसे, जिसको भारत के राजपत्र में यथाप्रकाशित इस अधिसूचना की प्रतियाँ साधारण जनता को उपलब्ध करा दी जाती है, इकीस दिन के भीतर, भूमि के नीचे पाइपलाइन बिछाने के संबंध में या उनमें उपयोग के अधिकार का अर्जन करने संबंधी लिखित में आक्षेप, सक्षम प्राधिकारी, श्री के. एन. दुबे, भारत ओमन रिफाइनरीज लिमिटेड, ए-१/३, "प्रशांति", बेदनगर, सॉबेर रोड, उज्जैन, मध्य प्रदेश को कर सकता है।

AWARD

The Government of India, Ministry of Labour, in exercise of the powers conferred on them under Section 10(1)(d) of the I. D. Act, 1947 has referred the following dispute to this Tribunal for adjudication vide their Order No. L-20012/20/91-IR. (Coal-I), dated, the 25th July, 1991.

SCHEDULE

"Whether the 35 persons whose names are shown in the Annexure and who were employed by M/s. Triveni Engineering Works, a Contractor at Dugda Coal Washery are to be treated as workmen of M/s. BCCL and whether the demand of the Coal Washery Workers Union that these persons be regularised/absorbed in the services of M/s. BCCL is justified? If so, to what relief are these persons entitled?"

1818 GI/97-9

2. The workmen and the sponsoring Union have appeared and filed W.S. stating therein and giving the list of 35 workmen and have stated further that they were the employees of M/s. Triveni Engineering Works Ltd., a contractor in the construction, maintenance and operation of the Dugda Froth Flotation Plant for the period from 1982 to October, 1987 and thereafter for construction and maintenance and operation of dump slurry preparation plant from 16-10-87 to 1990 at Dugda Coal Washery under M/s. B.C.C.L. as skilled workers working continuously and regularly and have completed more than one year continuous service with the management. It is said that contract was given to M/s. Triveni Engineering Works by M/s. B.C.C.L. for the construction and erection of Froth Flotation Plant of Dugda Washery in the year 1982 and these workmen were appointed by the Firm during the period 1982 to 1987 as skilled workmen and after construction of the plant on 15-4-86 the management of Dugda Washery engaged these workmen in the operation of the plant itself and paid wages to these workmen as skilled workers, as skilled workers were not available with the management of Dugda Coal Washery to operate and run the plant on commercial basis and these workmen worked till 15-10-87. It is also said that the contractor construction company was a contractor for construction of the plant only and not for the operation of plant and as such during the period from 15-10-86 to 15-10-87 when these workmen operated the plant they were the employees of the management and their wages were also paid by the said management during the period. It is further said that the management had assured the concerned workmen that they would be taken on regular service and absorbed in the management and they were asked to get registered their names with the employment exchange which they did as per advice of the management but thereafter the management recruited 100 workmen fresh who had no working experience in the operation of the plant in the year 1988 ignoring the claim of the workmen who were highly skilled workmen and had advantage of working and operating the plant also. It is also said that the construction company had also recommended the case of the concerned workmen for their absorption in Dugda Washery under the management of M/s. BCCL. It is also said that some of the workmen worked upto 15-10-87 in the Dump Slurry till 1-7-90 and all of them were retrenched after working continuously for years together and were left out to maintain their livelihood. A chart showing the working periods of the workmen in these two plants has been given with the W.S.

3. It is further said that the sponsoring union took up their case with the management for their regularisation and absorption but of no result and thereafter the industrial dispute was raised before the A.I.C. (C), Dhanbad which also failed and then the reference has been made by the Ministry. The concerned workmen got registered their names with the Rokaro Employment Exchange and appeared in the interview but they were not selected and fresh recruits were given the job and as such they are entitled for absorption and regularisation in the service of the management of BCCL. A list showing the names of the workmen, period of working has been attached with this W.S. which is on record.

4. The management has appeared and filed W.S. stating inter alia that the reference is not legally maintainable and it is not legal industrial dispute under Section 2(k) of the I. D. Act and there is no relationship of employer and employee between the parties and the concerned workmen were the workmen of the construction company and they have no right for employment as per law. It is further said that Dugda Coal Washery has two units Dugda-I and Dugda-II and earlier belonged to I.I.S.L./Steel Authority of India of the Central Government and later on in the year 1972 it was entrusted to M/s. BCCL after nationalisation of Coking Coal Mines.

5. It is said that during the working of the plants it was found the quantum of slurry with fine particles of coal and it was decided to install froth flotation plant and for that a contract was given to M/s. Triveni Engineering Works vide letter dated 19-2-81 to construct the plant on a turn key basis. The work was to be completed within 18 months but it started working in the year 1983 and completed the work in the later part of 1986 and it was commissioned in the year 1986. It is said that on commissioning of the plant the said contractor was given the contract for operation

and maintenance of the plant for a period of 2 months which was extended upto 15-10-87 in two stages. The contractor engaged the workmen who were doing the previous job of construction and installation of the froth flotation plant.

6. It was also said that the said contractor company was also engaged for dump slurry preparation plant which were different on turn key basis vide order dated 28-3-88 which was completed in the year December, 1989 and for training of the employee of the management the said contractor was given extension of time for 6 months with effect from 1-1-90 to 30-6-90. Thereafter the plant was taken over by the management of BCCL and since then it is in regular operation by the workers of the management. It is said that the contractor engaged his own men as noted above and was supervising and controlling their workmen and only payment of bills was made by the management as per term of contract.

7. It was also said that after taking over of the Froth Flotation Plant and dump slurry plant the management employed its own workers for running the same and there was no need at all for the management to employ any ex-workers of the contractors. It was also said that there is nothing to show that the contractors engaged all these 35 workers throughout the period of his contract, and as the management never recruited and employed the concerned workmen, it was not duty bound to give them employment as claimed.

8. By way of rejoinder to the W.S. of the workmen the same has been denied specifically and parawise and it is said to be incorrect, false and baseless and denied. It was also said that so far alleged retrenchment of workers are concerned, this management had nothing to do with the same and the contractor closed its establishment and after completion of the work and the management was not related with the closure of the contractor firm and the continuous service of the concerned workmen. It is finally said that the concerned workmen are not entitled any relief as claimed and in Award be passed accordingly.

9. A rejoinder has also been given by the workmen and the sponsoring Union to the W.S. of the management and it's contention have been denied specifically and the same is said to be denied and incorrect. It is also said that the Award be passed in favour of the workmen.

10. On the basis of the pleadings of the parties the points for consideration in this case are :—

1. Whether the concerned workmen were initially employed by M/s. Triveni Engineering Works, the contractor of M/s. B.C.C.L. ?
2. Whether the demand of the workmen and the sponsoring union for their regularisation and absorption in the service of M/s. BCCL is justified ? and
3. If so, what other relief or reliefs they are entitled ?

11. All these points are inter linked, so they are taken up together.

12. The management has examined two witnesses in support of it's case. They are Shri M. P. Singh, MW-1, the then Personnel Manager of Dugda Coal Washery working there for the last 9 years and has said that Triveni construction was given contract for construction of Froth Flotation Plant of the Washery in the year 1981 and this plant was commissioned in November, 1986 and thereafter the contractor firm operated the said plant from 1-12-86 to 15-10-87. He has further said that the said firm was given order in the year 1988 for construction of dump slurry plant which have been commissioned in the December, 1989 and the firm was given contract for running and maintaining from 1-1-90 to 30-6-90 and after expiry of the contractual period the said plant was given to M/s. BCCL and since then the plants are being run by the employees of M/s. B.C.C.L. The workers were engaged for executing the contract work by the contractor company and payment was also given by the contractor to them and there was no relationship of master and servant between the parties. There is also no vacancy at present to get the workmen absorbed in the company's rolls. He has proved six bills absorbed in the company's rolls. He has proved six bills of the contractor marked Ext. M-1 to M-1/5. He has also

stated that the management used to make payment on receipt of the bills. Further he has admitted that it is the duty of the management to run and maintain the Froth Flotation Plant and Dump slurry plant privately and global tender was also floated for putting the plant into operation for showing its operational worthiness. He has further stated that the plant is commissioning and running commercially since April, 1986 and function of the same was also on the first day it became operational and the operation of the plant is being managed by the permanent staff and these workmen were associated with the plant when it was commissioned. He further admitted that when the dump slurry plant commissioned in December, 1989 the concerned workmen were associated with the work which they continued till 30-6-90. No global tender was floated for running and functioning of those plants and a contract document has been filed showing the stipulation for running and operating the plant. He has denied that the workmen were interviewed by the management for doing this work. He had also denied that when these workmen were working for running these two plants their work was supervised by the officials of the management. He has also stated that there was no contract with the construction company for supply of labourers to the management and he could not say whether there is any vacancy in the aforesaid plant and he had denied that these workmen were removed from service when they raised an industrial dispute.

13. The evidence of MW-2 Shri Jaideb Upadhyaya who was Senior Executive Engineer of Dugda Washery from 1981 to 1990 is also on the same line and he has stated that the firm had done the operation and maintenance of the said plant from December, 1986 to 15-10-87 and has further said that the contractor firm was awarded contract for doing dump slurry plant which was commissioned in July, 1990 and the contractor firm ran this plant on its completion for 6 months. He has further clarified that the contractors firm were to run the aforesaid two plants for sometime because for the management's employees it was a new technology and the management have not trained man power to run the plant. The period was to be utilised for training the BCCL's workers.

14. In the cross-examination he admitted that a tender was floated for the construction of Froth Flotation plant and not for the dump slurry plant. He has further admitted that no separate tender was floated for running and maintaining the aforesaid plants commercially. He has further admitted that as per the terms of contract the management was to provide man power for running the Froth Flotation Plant. He further admitted that there was no contract with the contractor firm and the management for supply of labourer to the management. He had denied that B and S Plant commissioned in the year 1988. He has also admitted that after final acceptance of both the plant the concerned workmen were involved in running the plant for the period and it was run besides for training period and this running of the plant was for the benefits of the company. He had further admitted that at the time of commissioning and final test acceptance of both the plants the management had no sufficient man power to run the plant itself. He had denied that after final test, acceptance the management had created some papers as camouflage just to show that the workmen running the plant were contractors employees and that they were paid by the contractors firm. He could not say that the workmen were interviewed for the regularisation in service. The workmen have examined WW-1 Shri R. D. Yadav Branch Secretary of Dugda Branch of Coal Washeries which is working in Dugda and this union has raised the dispute and he was fully acquainted with the facts of the case and has supported the case of the workmen and has further stated in cross-examination that he has not gone through the contract entered into with the management and the contractor firm of the washery and denied that the management did not engage contractors workmen for operation of the Froth Flotation Plant and dump slurry plant and that the work of these workmen were not supervised by the management and supervising authority. He had further denied that the management did not engage workmen during the period of operation. He has proved Ext. W-1 which is a document showing the assurance given by the management to the workmen for their regularisation if they got registered through the employment exchange. He had denied that the concerned workmen were not the workers of

the contractor and that they were doing contractual work which came to an end their services were dispensed with when the contractual work came to an end and that the management has got no responsibility for regularisation of their service. He had further stated that the management violated the service condition and for non-employment of contractual workmen and for that an I.D. was raised by the sponsoring union.

15. WW-2 is one of the workman who have worked in Dugda Washery in Froth Flotation Plant since 1982 and he was giving evidence on behalf of the other workmen and himself. He has stated that all the workmen were working in the plant since 1982. He has supported the case as given in the W.S. and as stated WW-1 and further stated that they worked both in the F.F. plant and slurry plant in its running and operation from 1986 to 30-6-90 and have completed more than 240 days in 12 calendar months but they were not paid wages either as per NCWA or as per Steel Wage Board. They were stopped from work from 1-7-90. He has further stated that the contractor company M/s. Triveni Engineering Works Ltd. was never awarded contract for operation and maintenance of the aforesaid two plants. They demanded regularisation of their jobs and wages as per NCWA and an assurance was given to them by the management and they were asked to get their names enrolled from the Employment Exchange and when they were not taken new recruits were given employment. He has further stated that it is not correct that always appointment was made in the washery from the employment exchange and 800 to 900 workmen were appointed without calling for names from the Employment Exchange and they were earlier working as contractor workers. He has further stated that they were appointed by M/s. Triveni Engineering Workers Ltd. for construction of F.F. Plant and wages were paid to them from the contractor company and thereafter the maintenance and operation work was done by them as per asking of the management and that during this period the wages were paid to them from the management and they worked for the benefit of the management and both the F.F. Plant and slurry plant were operated and maintained by them on commercial basis for the benefit of the company. He had denied that they had not completed more than 240 days in a calendar year and wrongly stated that they were stopped from work from 1-7-90 and further denied that Triveni Engineering Works has dismissed them on completion of contract work. He has further stated that they have worked in dump slurry plant and documents have been filed to this effect and there was relationship of employer and employee between the management and the workmen and have further denied that their claim was not justified.

16. Some documents have been filed on behalf of the parties. The workmen have filed photo copies of letter dated 19-3-83, Ext. W-1 given by the P.M. to the General Project Manager to ask the workmen to get the name of the workmen registered from the Employment Exchange. Ext. W-2 to W-31 are photo copies of interview letters issued to the workmen individually. Ext. W-2 is a letter given by the Chief Erection Engineer to the Dy. Chief Engineer stating therein that F.F. Plant came into operation from 15-4-86 and recruitment was to be made for the persons manning those plants with effect from 1-7-87 and these workers having experience of running and operating plant, it was recommended that they may be taken into service and their jobs be regularised which would be beneficial to the management also. Ext. W-33 is also a letter given by the Chief Erection Engineer dated 22-7-86 to the Manager (Technical) BCCL about reimbursement and payment made to them as their wages for the work done by the workmen regarding running and operation of the plant. Ext. W-34 is a letter given by the Dy. Chief Engineers (Works) to the Dy. General Manager, Triveni Engineering Works asking for deputation of the workmen for operation of the Froth Flotation Plant as new recruits were not yet available to run the plant. Ext. W-35 and W-37 are another letters and W-36 is a note of discussion dated 28-1-1984 and as per Ext. W-36 it was agreed upon that 30 out of 106 contractors workers would be regularised in service.

17. On the other hand the management has filed Ext. M-1 series which are contractors bill showing payment made by the management to the Triveni Engineering Works for works done in different months by the workmen. Ext.

M-2 is photo copy of tender notice, M-3 copy of agreement and M-4 is letter. Ext. M-5 series are notesheets of different dates and Ext. M-6 is letter, M-8 is agreement and Ext. M-9 and M-10 are letters and Ext. M-11 is photo copy of transfer deed dated 3-6-87. From these documents it has been tried to show by the management that the concerned workmen were workers of Triveni Engineering Works Contractors firm and they were not the direct recruit of the management. Vide Ext. M-5 series it has been pointed that the management has agreed upon to regularise the job of the workmen as they were running and operating the Froth Flotation Plant and dump slurry plant. It was also pointed on behalf of the workmen that vide Ext. M-2 which is global tender notice, it is clear that this tender was called for and the work was allotted to Triveni Engineering Works for erection and construction of Froth Flotation Plant and not for erection of slurry plant and for running and maintenance of these two plants. It is also said that the contention of the management that the contractor company has been given work as per tender for both the plants for its maintenance till sometime is falsified from these documents of the management.

18. While arguing the case it has been submitted on behalf of the management that the workmen's case is that earlier they were working under Triveni Engineering Works Ltd. for Dugda Coal Washery for erection work but later on they were asked to run and operate and maintain the plant after its commissioning in the year April, 1986 as the trained man power was not available with the company management and they have worked there till 1987 and thereafter they were also engaged in construction of dump slurry plant in the year 1988 and which was commissioned in December, 1989 and they were further engaged for running and maintenance of this plant from 30-6-90 and they were stopped from work from 1-7-90. Thereafter they have raised a dispute under the I.D. Act before the ALC (C) on 27-7-90. It is further submitted that as per the case of the workmen they were engaged from the year 1982 onwards but the dispute as raised for the first time in July, 1990 after lapse of 8 years and it became stale demand and not maintainable. In support of its contention my attention was drawn to the authority of the Hon'ble Supreme Court of India in the case of Inder Singh and Sons Ltd. versus Their workmen reported in 1961 (2) LLJ 89, Shah Wallace and Co. Ltd. versus State of Tamil Nadu reported in (1) LLJ 177 and R. Ganeshwan versus Union of India reported in 1993 Lab. I.C. 802 and it is said that no reference under the I. D. Act, 1947 can be made in respect of contract labour and in this light the present reference is not maintainable. It was also said to be not maintainable as per authority of the Hon'ble Supreme Court of India as given in New Delhi Mazdoor Union versus Scope 1992 reported in Lab. I.C. 854 and Dina Nath versus National Fertilizer Limited reported in 1992 Lab. I.C. 75 where it has been held by Their Lordships of the Hon'ble Supreme Court that the contractor's labour does not become the direct employee of the employer and that they cannot claim regularisation with the employer. It was further held that the management cannot be forced nor there was any law that the management is required to keep regular workmen even in the job which are temporary in nature. It is further stated in the instant case that the concerned workmen were engaged by the contractor for the construction of the Froth Flotation plant and dump slurry plant and for the same global tender was issued and thereafter the contractor was ordered to perform the job and payment was made on submission of bills by the said contractor company and the workmen were engaged by the contractor company and they were not the direct employees of the management.

19. It is further submitted that as per authority given by the Hon'ble Supreme Court in the case of Electricity Board Thermal Power Station Gujarat versus Hind Mazdoor Sabha 1995 (2) L.L.J. 791 it is for the workmen to establish that the contract labour system as engaged in this case was sham and camouflage to deny the legitimate right of the workmen and the sponsoring union have to establish this fact but they have miserably failed to establish that this contract given to the contractor company M/s. Triveni Engineering Works was sham and camouflage in any way and even before the ALC (C) when the matter was raised on 27-6-90 and it was their case that they were employed initially under the contractor company

in the year 1982 and there was no question to deny the claim of the workmen. It is further submitted that the work of the workmen were never stopped by the management as alleged from 1-7-90 rather they might have been dismissed by the contractor company on completion of the contract work and as such there was no question of giving any notice or notice compensation as provided under Section 25-F of the I. D. Act, 1947, and that they have also not completed more than 240 days of continuous regular work with the management in 12 calendar months in a year and they were also not entitled for reinstatement or regularisation of their job with the management for being engaged in doing permanent and perennial nature of job. They were engaged by the contractor firm for doing temporary nature of job and as such they cannot claim any job of regularisation from the management and their claim was not genuine and justified.

20. On the other hand it has been submitted on behalf of the workmen that no doubt the concerned workmen were initially engaged by M/s. Triveni Engineering Works Ltd. the construction contractor company for construction of Froth Flotation Plant which was commissioned in April, 1986 as per terms and conditions of global tender of the contractor company but after testing and commissioning of the said plant in April, 1986 vide Ext. W-32, 33 and 34 on asking of the management these workmen were engaged for running and operation of the said plant as the management has no sufficient trained manpower to run the plant. It is further submitted that this running and operation of the F.F. Plant is a permanent and perennial nature of job in which the workmen were engaged at the instance of the management for running the plant commercially and for the benefit of the management, where they worked till October, 1987. Thereafter they were further engaged for construction and erection of dump slurry plant for which no global tender was invited and vide Ext. M-2 and this tender was only for the erection and construction of the F.F. Plant. It is further pointed out that the workmen completed construction and erection of the dump slurry plant which was commissioned in December, 1989 and here again they were engaged for running and maintenance of this plant from January, 1990 to 30-6-90 commercially for the benefit of the management at their asking but all of a sudden they were stopped from work by the management with effect from 1-7-90 without any notice or notice compensation or rhyme or reason and this action of the management was illegal, unjustified and void ab initio.

21. It is pointed out that the workmen were engaged for running and operation of the F.F. Plant and construction of dump slurry plant and its running and operation commercially for the benefit of the management at the latter's asking from April, 1986 to June, 1990 continuously and in the process they have completed more than 240 days of work regularly in 12 calendar months for years together and the work done by them was perennial and permanent in nature and this fact has been admitted my MW-1 and MW-2. It is also admitted that no separate tender was called for construction of dump slurry plant and its operation. As per agreement Ext. M-2 the management was to take over both the Plant from the contractor company on its completion and commissioning and testing but the management showed its helplessness to run the plant in absence of the sufficient trained work force and accordingly asked the concerned workmen who were experienced persons to run and operate both the plants commercially for the management and it was never a temporary nature of job. It is further pointed that at the asking of the management these workmen got their names enrolled with the local employment exchange and their names were also sponsored from the employment exchange to the management and they were also interviewed by the management but unfortunately for the reason best known to the management someone were recruited and appointed in place of the concerned workmen and they were left behind without any reason and from 1-7-90 they were stopped work illegally by the management without complying with the provision of Section 25-F of the I. D. Act, 1947 as such their stoppage from work was void ab initio and they are entitled for reinstatement and regularisation in service with full back wages from that day as they were doing permanent and perennial nature of job to run both the plants commercially for the benefit of the management. It is further submitted that after completion of construction of F.F. plant they were not engaged further by the contractor company

M/s. Triveni Engineering Works Ltd. and thereafter they were working directly under the supervision and guidance of the officers and engineers of the management for running the plant and construction of dump slurry plant and it is commercially running till 1st July, 1990. So far payment vouchers produced by the management Ext. M-1 series are concerned, it is clear that monthly payment was being made to the workmen through contractor company which was simply a paper arrangement and camouflage to deny the legitimate claim of the workmen for their regularisation in job after working so many years regularly for the benefit of the management.

22. It is also pointed out that as per Ext. M-5, M-5/1 which are notesheets given by the Chief Finance Manager dated 11-4-87 it is clearly mentioned therein that performance of the F.F. Plant was established and at their request the workmen were asked to continue the operation of the plant and they were not in readiness to post their men and even after recruitment of fresh manpower they have to get them trained by the contracting company to run these plants. It is also clear from this Ext. M-5/1 that as the management has inadequate manpower to run the plant which they expected to get trained manpower from January, 1987 but it was not available and the workmen were asked to run the plant commercially for the management. Similarly the workmen were also engaged for the dump slurry plant for the construction and erection from October, 1987 which was completed in June, 1987 and after testing and its commissioning the workmen were directed to run the plant till 30-6-90 commercially on behalf of the management as the later has no trained manpower for the same.

23. In this regard my attention has been drawn on behalf of the sponsoring union to the authority given by the Hon'ble Supreme Court in Labour Law Reported page 634 between R. K. Panda and Others vs. Steel Authority of India Limited where it was held by Their Lordships that "It need not be pointed out that in all such cases the labourers are initially employed and engaged by the contractor. As such at any point of time a direct link is established between the contractor labour and the principal employer eliminating the contractor from the scene is a matter which has to be established on material produced before the Court. Normally the Labour Court and the Industrial Tribunal under the Industrial Disputes Act are the competent Fora to adjudicate such dispute on the being of the oral and documentary evidence produced before them."

24. In this light it is pointed out on behalf of the workmen that initially they were engaged by the contractor M/s. Triveni Engineering Works Ltd. for construction of F.F. Plant as per tender but thereafter they were under direct control, supervision and guidance of the management for running and operating the plant commercially from April, 1986 which is admitted from Ext. W-32 to W-34 and also from Ext. M-5 and M-5/1 and they were further engaged for construction and running and maintaining the dump slurry plant till 30-6-90 by the management and this contracting company has no role to play after April, 1986 and any payment voucher shown in the name of the contracting company is simply a sham and camouflage to deprive the workmen from their valid regularisation of job even when their names were sponsored from the Employment Exchange and interview was held for their regularisation. It is also submitted that earlier also more than 800 to 900 workmen were directly engaged and regularised by the management at different period of time who were initially contractors labour and this fact has not been refuted by the management either by any oral or documentary evidence and as such it must be taken as an admitted fact.

25. It is further pointed out that on similar nature of case Ref. 58/92 has been decided by this Tribunal between Swang Washery versus their workmen there it was held in view of the number of findings of the Hon'ble Supreme Court and Hon'ble High Court that the contractor workmen are entitled for their regularisation. Similarly Reference Case No. 115 of 1988 of Giddit Washery has also been of 1988 of Giddit Washery has also been decided in favour

of the workmen and Reference No. 271/90 of Sudamdhil Coal Washery was also decided in favour of the workmen which was further confirmed by the Hon'ble Patna High Court, Ranchi Bench in CWJC No. 1980 of 1993 (R) and further confirmed by the Hon'ble Supreme Court in SLP No. 18092/94. A reference No. 113/90 concerning workmen of Kathara Washery and Reference Case No. 105/90 concerning contractor worker of Kuya Colliery have also been referred where these cases were decided in favour of the workmen by the Tribunal and last one 105/90 was also confirmed by the Hon'ble Patna High Court, Ranchi Bench, Ranchi in C.W.J.C. No. 1221/93 (R).

26. Not only this but also a number of authorities have also been referred to by the workmen (1) 1962 LLJ Vol. I page 131 United Salt Workers and Industries Limited, Kandla Vrs. Their workmen, (2) 1963 LLJ Vol. II 447 Basti Sugar Mill Vrs. Ram Ujagar, (3) 1964 LLJ Vol. II page 663 (SC) D. C. Diwan Mahiuddin Sahab vrs. Their workmen, (4) SCLJ Vol. X page 21 Saraspur Mills Co. Vrs. Karamlal Chaman Lal, (5) 1978 Lab. I.C. page 1264 Hussain Bhai Vrs. Alath Factory, (6) 1987 Lab. I.C. page 619 Catering cleaner of S.E. Railway Vrs. Union of India, (7) Labour Law Reporter 1994 page 634 R. K. Pandit and Others Vrs. SAIL, (8) SCLJ Vol. XV page 101. Royal Talkies Vrs. ESI, (9) LLJ 1995 page 552 Gujrat Electricity Board Vrs. Hind Mazdoor Sabha, (10) IFLR 1995 page 102, (11) 1995 Vol. II CLR page 194 Parimal Chandra Raja Vrs. LIC, (12) 1995 Vol. II CLR page 214 National Federation of Railway Porters Vrs. Union of India and Ors. (13) LLJ 1991 Vol. I page 19 (Patna High Court) S. K. Nasiruddin Biri Factory Vrs. Their workmen, (14) Indian Factories and Labour Report 1992 page 625 AIR India Vrs. Union of India and Others, and (15) Indian Factories and Labour Report 1992 page 236 Calcutta High Court. From these authorities of the Hon'ble Supreme Court and the High Court it has been tried to show that as the concerned workmen have worked for such a long period from 1982 till June, 1990 initially under the contractor company and later from April, 1986 onward for running and maintenance of the F.F. Plant and Dump Slurry plant on the asking of the management to run these plants commercially for the benefit of the management and their work was admittedly perennial and permanent nature of job which was being subsequently done by the regular workmen of the management and they were stopped from work by the management arbitrarily and abruptly from first of July 1990 which is void ab initio. It is further submitted that there is no merit in the plea taken by the management that it is a stale claim as the workmen are working since 1982 and the dispute was raised in the same July, 1990 before the ALC (C) for conciliation and as such there is no delay at all on the part of the workmen and there is no case of stale claim. I agree with the contention of the workmen.

27. After considering both oral and documentary evidence adduced on behalf of the parties and also the points of argument advanced on behalf of the parties I find much force in the plea taken by the workmen and the sponsoring union that the workmen have regularly worked for running and maintaining the F.F. Plant from April, 1986 onwards and also for construction of Dump Slurry Plant from November, 1987 and for its running and maintenance from January, 1990 to 30-6-92 commercially for the benefit of the company on the asking of the company management vide Ext. W-32 to W-36 and Ext. M-5 series and so naturally they have completed more than 240 days work in 12 calendar months for years together and their stoppage termination of work from 1-7-90 cannot be said to be justified and valid and proper without compliance of provisions of Section 25-F of the I. D. Act. In view of the above matter I find that the concerned workmen are entitled for their reinstatement and regularisation in job from 1-7-90 onward the date of their stoppage from by the company management. I also find just that the name of M/s. Triveni Engineering Works Ltd., the construction company drawn by the management is simply a paper arrangement from April, 1986 onwards and is a sham and camouflage to show that they were working under the contractor company whereas the fact is that the workmen were directly under the control and supervision of the Washery management for running the plant commercially for the benefit of the management and they were being paid their wages by the management and as such certainly there was relationship of employer and employee between the workmen and the management from April, 1986 till their termination on 1-7-90.

28. So far payment of back wages is concerned it is clear that the workmen were disengaged or stopped from work arbitrarily and without any rhyme or reason by the management from 1-7-90 without compliance of Section 25-F of the I. D. Act, 1947, so their stoppage of work is certainly illegal and unjustified and the workmen are entitled for payment of back wages but as principle of no work and no pay this plea has been taken by the management. Further I find that there is nothing to show that after stoppage of work the workmen were engaged in some other pursuits for financial gain and for that the management is directed to pay at least 30% of full back wages to the workmen for their idle period i.e. from 1-7-90. Thus the action of the management in not regularising and absorbing the concerned workmen in regular service of the management is totally unjustified and the workmen are entitled for their regularisation/absorption in the job with back wages. Accordingly all the points are decided in favour of the workmen and against the management.

29. Hence, the following Award is rendered :-

"The 35 persons whose names are shown in the Annexure and who were employed by M/s. Triveni Engineering Works, a contractor at Dugda Coal Washery are to be treated as workmen of M/s. BCCL and the demand of the Coal Washerries Workers Union that these persons be regularised/absorbed in the services of M/s. BCCL is justified. Consequently, the concerned 35 workmen whose names are shown in the Annexure are entitled for their reinstatement and regularisation in the service of M/s. BCCL with effect from 1-7-90 with 30% of full back wages."

The management is directed to reinstate and regularise the concerned 35 workmen in their service with effect from 1-7-90 with payment of 30% full back wages within two months from the date of publication of this Award in the Gazette of India.

30. However, there will be no order as to costs.

Shri S. K. Bhatnagar—for the Management.

AWARD

The Central Government in the Ministry of Labour vide its Order No. L-12012/216/90-IR.(B-3) dated 8-11-90 has referred the following industrial dispute to this Tribunal for adjudication :

"Whether Shri P. K. Krishnan, Driver, was the workman of Standard Chartered Bank, New Delhi ? If so, whether the action of the Bank management in terminating the services of Shri P. K. Krishnan w.e.f. 5-2-90 was justified ? If not, to what relief the workman is entitled to ?"

2. The brief facts of this case as detailed in the statement of claim are that the workman was appointed as driver on 6-3-89. He was driving car No. DBA 7439 for official purposes of the management bank. He was performing his duties continuously and regularly under the supervision, guidance and control of the management of the bank through its officials. He was paid wages @950 PM for 9 hours of duty. Besides this he was also paid for the overtime duty done under the control of the management. There are other drivers of the bank namely Shri Bhag Singh, Shri A. Thomas, Shri Triveni Mistri, Shri Poonam Pal and Mali namely Shri Rami Pyare and Shri Khosla etc. All of them work under control, supervision and direction of the management. Some of the employees are not being paid the minimum wages as declared by the Delhi Administration/Government. The management was habitual in resorting to its policy of unfair labour practices and victimisation and as an example of this an appointment letter was not issued to the workman and others. The workman and all others in similar situation persons were denied provident fund and other legal benefits. Due to the issuance of a demand letter served on the management through their counsel Shri R. N. Singh Advocate, the management vindictively terminated the services of the workman and refused him duty w.e.f 5-2-90. The termination of his service was illegal and unjustified and in violation of the provisions of section 25-F of the I.D. Act. He approached the management but they did not bother to reinstate him. Hence this reference

3. The Management in reply to this alleged that the workman was never employed by the bank and Bank cars are given to certain categories of officers as per their entitlement and the bank only reimburses the Officers towards fuel and maintenance and has absolutely no connection with any person/persons engaged by the Officer as his personal driver. The terms of employment of the workman was a matter purely between the officers who engaged him and the driver. The workman was engaged by Mr. P. B. Menon Manager Corporate Banking in his personal capacity. He was under the supervision control and direction of the said officer and not that of the bank. Since he was never appointed by the management so the question of issuing any appointment letter to him did not arise. Claim of the applicant according to the management was worthy of dismissal.

4. The Management in support of its case examined Shri Ashok Sahni MW1, A. K. Kalra MW2 and P. B. Menon MW3 while the workman himself appeared as WW1.

4. I have heard the representatives for the parties and have gone through the record file.

5. The representative for the workman has urged that the workman was engaged by the management and he was in their regular service @Rs. 950 PM as salary. He used to report for duty at the residence of Mr. Menon in the morning and used to work under the instructions of Mr. Menon. The representative has thus urged that there is no reason to disbelieve the statement of the workman himself on oath regarding his employment by the management.

6. Representative for the management on the other hand has urged that the bank is an organised institution and cannot employ people without any appointment letter. No appointment letter was issued to the workman nor did he ask for this. His attendance has never been marked anywhere in the official record of the management. The workman himself has admitted that all benefits available to all regular employees were not being granted to him, if he had been in the employment of the management the management would not deny him payment of all other benefits available to regular employees of the bank. He has named to many persons in his statement of claim as working like him but has not brought any of them in support of his case. He was not proved to be the employee of the bank and as such the question of his termination by the bank does not arise at all.

7. A perusal of the points urged before me by the representative for the parties leads me to the conclusion that the workman P. K. Krishnan has not been able to discharge the burden that laid down on him to prove that he was workman of the management bank. He has himself come into the witness box and the following portion of his statement is very important which is reproduced as follows :

"Mr. P. B. Menon, Manager, Corporate Banking had an official car. The car was being maintained by the Bank. I was the driver on that car. I was not issued any appointment letter by the Bank. I was not being granted any benefits available to all regular employees of the Bank under different settlements. Mr. Menon used to pay me Rs. 950 PM. I used to report for duty at the residence of Mr. Menon in the morning and used to park the vehicle at his residence in the evening. I used to work under the instructions of Mr. Menon."

8. A perusal of his statement made on oath in the court and in the absence of any documentary evidence either produced by the workman or got produced from the management by the workman simply leads to the conclusion that there was no relationship of employer and employee between the workman and the bank. No letter of appointment was issued to the workman. he was not getting any benefits as were applicable to other employees of the bank under different settlements and he was not getting any other statutory benefits like bonus, provident fund etc. which are paid to other employees of the management. There is nothing on record to show that he was

for any purpose under the control and supervision of the management. No record exists on the file to show that any payment of wages was received by the workman from the management bank at any time during the period of his employment. Shri P. B. Menon has stated on oath that he had employed the workman as his personal driver who used to take him to the bank and his family members also wherever they wanted. All these facts taken together simply go to prove that the workman was not an employee of the management bank and the question of the termination of the service by the bank did not arise. The workman was private employee of Shri P. B. Menon and termination of his services by Mr. Menon in his individual capacity does not entitle the workman to get his dispute adjudicated in his favour by this court in any manner. The claim of the workman does not stand proved and he is not entitled to any relief whatsoever from this Tribunal. Parties are, however, left to bear their own costs.

AWARD

The Government of India, Ministry of Labour by its Order No. L-42012/238/94-IR(DU) dated 26-8-96, had referred to the following Industrial Dispute for adjudication :

"Whether the action of the management of welfare commissioner, Nagpur in terminating services of Mrs. Mandakini G. Gawasane, Aya Dispensary, Beedi workers Welfare Organisation Solapur is justified? If not, what relief the workman is entitled to?"

2. After the receipt of the reference the parties were duly served. But nobody attended the court. The matter was adjourned time and again. The workman sent a letter dated 18-2-97 by a Registered post, acknowledgement due to this Tribunal informing that she received the employment from 19-6-86 in another department and under such circumstances she does not want to proceed with the matter. The signature on this letter and the signature on the acknowledgement receipt appears to be same. I treat this letter as an application for relief in accordance with the reference. Under such circumstances I pass the following order :

AWARD

This industrial dispute has been referred for adjudication to this Tribunal by the Government of India as per Order No. L. 14012/21/95-JR(DU), dated 27-1-1997 for adjudicating the following issue :—

“Whether the action of management of Air Force Station Beach CSD Canteen, Trivandrum in terminating the services of Sri P. R. Bose is legal and justifiable? If not, to what benefits the workman is entitled ?”

2. In pursuance to notice issued from this Tribunal both sides entered appearance. Today when the case was taken on for the claim statement of the workman, the learned counsel, for the workman submitted that the workman is not prosecuting this matter further due to the pendency of an appeal filed by the workman under the Kerala Shops and Commercial Establishments Act. A petition to this effect was also filed.

3. In view of what is stated above this dispute is hereby closed reserving the right of the workman to continue the shop appeal pending before the Deputy Labour Commissioner, Trivandrum.

An award is passed accordingly.

AWARD

The Central Government in the Ministry of Labour vide its Order No. L-42012/44/94-IR (DU) dated 24-2-95 has referred the following industrial dispute to this Tribunal for adjudication :—

“Whether the Executive Engineer (Elect.) Elect. Divn. No. IV CPWD, New Delhi was justified in not regularising the services of Smt. Dhirwati Devi, Sweeper. If not, what relief the workman is entitled to?”.

The workman in his statement of claim alleged that she was initially appointed on 1st August, 1980 as Sweeper on Daily basis in Electrical Construction Division No. IV and was posted at Sub Division I by the Management. After the passing of the order of the Hon'ble Supreme Court dated 17-1-86 in case of Surinder Singh and another Vs. Enginner in

Chief CPWD the management paid to the workman equal pay for equal work arrears w.e.f. 21-8-86 in the time scale of Rs. 750-940 with all allowances but retained the arrears w.e.f. 1-8-80 to 20-8-86 the old pay scale of sweeper was Rs. 196-232 while new scale was 750-940. The workman demanded from the management full particulars of her activities but the management gave only the particular from 1-3-86 to 21-8-86. It was further alleged in the statement of the claim that the services of many others were regularised but not that of the workman. The workman has prayed that the award may be given to regularise whole of the services of the workman w.e.f. 1-8-80 and the payment of wages from that date on the basis of old scale and from 1-1-86 new scale be paid to her.

3. Notice of this reference was sent to the Management. It was after 4-5 days that one N. K. Bansal Office Superintendent of the Electrical Division appeared to whom copy of the claim was supplied. He was directed to file written statement. Nobody appeared thereafter on behalf of the management and the management was thus ordered to be proceeded against ex parte.

4. Ex parte evidence of the workman was recorded and the workman representatives arguments heard. In view of the sworn testimony of the workman and points taken up in the statement of claim I am of the opinion that there is no reason to disbelieve the unchallenged statement of the workman. The management has not cared even to file written statement in this case though one of their official was supplied with the copy of the statement of claim and the management was thus proceeded against ex parte. I, therefore, order that the workman be regularised w.e.f. 1-8-80 with all consequential benefits like seniority, increments etc. and the wages for that period equal to the other regularised employees he also be paid interest @ 12 per cent per annum. Management is also burdened with Rs. 500 as the costs of this reference. Award is given accordingly.

Further it is ordered that the requisite number of copies of this award may be forwarded to the Central Government for necessary action at their end.

APPEARANCES :

Shri T. C. Gupta for the Workman.

Shri N. C. Sikri for the Management.

AWARD

The Central Government in the Ministry of Labour vide its Order No. L-14014/10/85-D/IV(A) dated 20-8-86 has referred the following industrial dispute to this Tribunal for adjudication :

"Whether the action of the management of the Lakshmi Commercial Bank Ltd. (now Canara Bank) in not absorbing in bank's service Shri P. P. Yadav, Peon from 10-7-82 (afternoon) is justified ? If not, to what relief is the workman concerned entitled ?"

2. The workman in his statement of claim has stated that he was initially appointed as a temporary peon at Rajouri Garden, New Delhi branch of the erstwhile Lakshmi Commercial Bank Limited on 16-11-81 and worked there for 5 days till 31-11-84 when his services were terminated without any order of termination. He was again appointed as temporary peon at the Head Office of the erstwhile Lakshmi Commercial Bank Limited w.e.f. 26-11-81 and his services were again terminated on 29-12-81. No letter of appointment was given to the workman regarding his two employments dated 16-11-81 and 20-11-81.

3. The Head Office of the bank appointed the workman at Sadar Bazar Branch, Delhi against a permanent vacancy of one Shri Ram Prakash, Peon who was promoted as Cashier in clerical cadre. He joined this duty w.e.f. 2-1-82 and continued to work there for more than six months, i.e. upto 10-7-82. He was refused any further employment without giving him order of termination or prior notice. He submitted several representations to the management regarding this illegal termination but to no effect.

4. The Management of the Lakshmi Commercial Bank Employees Association vide its letter dated 1-5-84 took up the case of the workman but the management did not agree and the said Association thus raised an industrial dispute before the Assistant Labour Commissioner Delhi. The conciliation proceedings ended in failure leading to the present reference. During the course of proceeding before the Assistant Labour Commissioner several persons junior to the workman were taken into permanent employment by the said bank. The bank had agreed to absorb all those employees who had worked for the bank for the period of 120 days vide its circular No. Estt/DN-27/80 dated 1-5-80. The workman had put in 190 days continuous service and has also worked for 39 days as temporary hand and as such had completed 229 days service in the bank. The action of the management was illegal and unjustified. The said Lakshmi Commercial Bank had later on amalgamated with the Canara Bank now the respondent bank by notification of the Government of India.

5. The Management Canara Bank in its written statement alleged that the workman was appointed purely on temporary basis in leave arrangement with the erstwhile Lakshmi Commercial Bank. Initially he was appointed for a period of 15 days and was relieved after the expiry of the said period by paying all his dues in full and final settlement. The workman worked between 2-1-82 to 10-7-82 in all for 190 days and accounted his dues without any protest. The Management of the Lakshmi Commercial Bank had entered into a settlement with its Federation regarding recruitment of clerical and subordinate staff which was duly notified by the State Bank of India as per its circular dated 1-4-80. Lakshmi Commercial Bank was placed under moratorium w.e.f. 27-1-85 under section 45 of the Banking Regulation Act. Thereafter Lakshmi Commercial Bank was amalgamated with the Canara Bank under the scheme of amalgamation formulated by the Reserve Bank of India in consultation with the Central Government which was published vide notification dated 22-8-85 in the Gazette of India. On the appointed date of amalgamation i.e. 24-8-85, Clement was not in the employment of the erstwhile Lakshmi Commercial Bank and as per the scheme of amalgamation his services could not be transferred to the respondent bank. There was as such no obligation on the part of the respondent bank

to take the claimant in its employment. In the year 1984-85 the claimant agitated the matter before the A.L.C.C. by filing the alleged claim through the erstwhile Lakshmi Commercial Bank Employees Association. The reference made by the appropriate government was without application of mind as on the date of amalgamation the workman was not in the employment of the erstwhile Lakshmi Commercial Bank besides taking of other legal objections. It was alleged that the claim was not maintainable. There was no question of any absorption of the workman in the corresponding bank, the status of the workman was of a casual labour and had not completed 240 days, there was no violation of section 25-H of the I.D. Act and the reference deserve to be dismissed.

6. The Management examined Shri Rattan Lal Sharma MWI while the workman appeared himself as WW1 and G S. Gill as WW2.

7. I have heard the representatives for the parties and have done through the record.

8. The representative for the management has urged that the action of the management was fully justified and the workman was not in the employment of the erstwhile Lakshmi Commercial Bank which according to the notification dated 23-8-85 amalgamation took place on 24-8-85 and the management was not liable to take in their employment persons who were not in the employment of the erstwhile Lakshmi Commercial Bank on the date of amalgamation. The settlement dated March, 1980 which was one time exercise as per evidence of the erstwhile Lakshmi Commercial Bank Limited the claimant was not employee of the said bank even at that time. The claimant was purely temporary daily rated person and had in all worked from 16-11-81 to July, 82 he had worked for 226 days. As per contention of the workman/claimant himself he had worked for less than 240 days and he agitated the matter after the expiry of 4 years. The appointed date of the amalgamation scheme was 24th of April, 1985 and the workman was not in the employment of the management of its erstwhile Lakshmi Commercial Bank on the said date. The workman could have no legal right for absorption much less than the regularisation as prayed for in the statement of claim.

9. The representative for the claimant alleged that the termination did not constitute retrenchment according to the management but under the amended definition of the term it does amount to termination. The workmen representative has further urged that even temporary hand, continued for 120 days were absorbed in permanent service without qualifying any recruitment test and without being sponsored by the employment exchange. Even temporary persons junior to the workman were absorbed by the management there were violation of section 25-H of the I.D. Act and the workman deserves to be regularised and reinstated from the date of his termination with full back wages.

10. After having gone through the points urged before me by the representatives of the parties, I am of the opinion that there is no doubt about the workman being a daily rated person. The employment of a daily rated persons comes to an end at the end of each day. The Hon'ble Supreme Court in its order dated 8-9-86 ordered that o those persons of the erstwhile Lakshmi Commercial Bank Limited have been absorbed in the Canara Bank will be considered for regularisation provided they have completed over 240 days. The Hon'ble Supreme Court in a subsequent order dated 8-5-87 ordered while clarifying the order dated 8-9-86, that by the order dated 8-9-86 when reference was made to the workman being retained in service, what was intended was that they would be retained in the panel of daily wagers. The Canara Bank will consider such casual workmen for daily wagers for absorption as and when vacancy arises in accordance with the practice followed by them. The Hon'ble Supreme Court order did give protection to those who were in regular service and may be casual workers for being absorbed in the new management i.e. Canara Bank. Again the same condition was necessary that the employee should be in the employment of the erstwhile Lakshmi Commercial Bank Limited on the appointed date i.e. 27-1-85. It is admittedly not the case of the claimant. There has been no satisfactory explanation for this delayed reference which has been made after a period of

4 years. The claimant in my opinion has no legal right nor does he get any right from the scheme of amalgamation and even the judgement of the Hon'ble Supreme Court does not help the workman at any stage for being absorbed on regular basis in the employment of the Canara Bank.

11. Keeping in view my above discussions I am of the Opinion that there is no case for the workman and no ground exist for his regularisation in the Canara Bank. The action of the management was fully justified. Parties are, however, left to bear their own costs.

Further it is ordered that the requisite number of copies of this award may be forwarded to the Central Govt. for necessary action at their end.

AWARD

The Central Government in the Ministry of Labour vide its Order No. L-12012/103/88-D.II (A) dated 24-10-1988 has referred the following industrial dispute to this tribunal for adjudication :

"Whether the action of the management of Punjab National Bank in denying the post of Head Cashier, at-C, to Shri Vinod Kumar Gotcha is justified ? If not, to what relief is the workman entitled ?"

2. Punjab National Bank Abohar has the post of Head Cashier Category 'C' and Shri Nand Lal Nagpal was working in that post upto 30-6-86 on which date he retired. Shri Subhash Sharma an employee of the Management was working at the Circular Road Branch Abohar as a Clerk-cum-Cashier Incharge category 'A' on 30-6-87. According to the terms of the Bank rules and circular No. 672 dated 12-10-82 a selection of the Head Cashier Category 'C' is to be made on the basis of seniority of Head Cashiers and Clerk cum-Cashier Incharge of Category 'A' on 30-6-87. According to the terms of the Bank rules and circular No. 672 dated 12-10-82 with town as a unit in terms of para 13(b) of the above circular. The Management of Punjab National Bank signed an agreement before the Conciliation Officer of the Ministry of Labour, Government of India, New Delhi on 30-9-82 according to which as per para 13(b) of the said agreement, the selection of Head Cashier Category 'C' shall be made on the basis of seniority of Head Cashiers and Clerks-cum-Cashier Incharge of Category 'A' with town as a Unit. The said agreement was in supersession of settlement No. 2/73 dated 16-6-73 as is evident from the terms of settlement. According to the term of agreement and the bank rules Subhash Sharma was only person eligible entitled to be put as Head Cashier Category C from 1-7-87 after the retirement of Nand Lal but was not given this opportunity by the Management and they put Vinod Golcha as Head Clerk Category 'C'. Vinod Golcha was not Head Cashier or Clerk-cum-Cashier Incharge Category 'A' but he was put Head Cashier wrongly. Objection was taken up by Subhash Sharma to the posting of Vinod Golcha and the management served a notice of 21 days for recovery which was to expire on 16-11-87 on taking up the matter by another Union namely Punjab National Bank Staff Union on 14-11-87 pending conciliation proceedings in the above matter before whom all such facts were placed. The conciliation proceedings failed. The management after a lapse of number of months put Subhash Sharma as Head Clerk Category C on 20-8-87 according to the agreement and the rules which he was entitled from 1-7-87 Vinod Golcha in no way was entitled for the said post. Subhash Sharma has not been granted the benefits w.e.f. 1-7-87 the date from which he was so entitled. It was prayed that he be considered placed as Head Cashier Category 'C' w.e.f. 1-7-87 and he be granted all arrears and other consequential benefits as if he had performed the duties as Head Cashier Category 'C' from that date.

3. Written submissions were filed by Vinod Golcha the aggrieved Official as well as by the Management. The Management in its written statement supported the case of Shri S. C. Sharma who was made Head Cashier in place of Mr. Golcha. Later on the management of the Punjab National Bank in its written statement has alleged that due to mis-interpretation of the terms of settlement this mistake had occurred and was corrected, by the management subsequently and S. C. Sharma was given the charge of Head Cashier Category 'C' in place of Mr. Vinod Golcha. Management on the other hand in its written statement has alleged that he was rightly appointed as the Head Cashier Category 'C' from the date the post fell vacant due to the retirement of Mr. Nand Lal. He further alleged that the order appointing him as Head Cashier Category 'C' was correct and the subsequent order of appointment of Shri S. C. Sharma in his place was incorrect. He further alleged that S. C. Sharma was not eligible for appointment as Head Cashier Category 'C' on the date the post fell vacant as within a period of three years from the date of amalgamation of the erstwhile Hindustan Commercial Bank with the Punjab National Bank those who came from Hindustan Commercial Bank could not be considered for a period of three years. He has further alleged that he has wrongly discharged from the post of the Head Cashier Category 'C'.

4. I have heard representatives for the parties and have gone through the written arguments submitted by their representatives. No oral evidence was led by the parties in this case.

5. After thoroughly having been gone through the points urged before me and reiterated in the written arguments, clearly shows that the management Punjab National Bank has supported the case of Shri S. C. Sharma who according to them was eligible on the day the vacancy fell vacant due to the retirement of Shri Nagpal as Head Cashier Category 'C'. The point which Shri Golcha has urged that the Officers of the erstwhile Hindustan Commercial Bank were not eligible for a period of three years from the date of the sanction of the Scheme does not hold good. Clause 12 of the Scheme of amalgamation duly notified by the Government of India on 18-12-86 requires a period of three years as maximum and not the minimum for eligibility to the terms and conditions of the transferee bank. The action of the management in giving charge of the Head Cashier Category 'C' to Shri Vinod Kumar Golcha was a mistake and when Shri S. C. Sharma was fulfilling the qualifications and being the only Head Cashier of category 'A' as required for promotion to category 'C'. He should have been designated as Head Cashier Category 'C' at that time. This action of the management of the Punjab National Bank the correctness of which they have realised now required that Shri S. C. Sharma be treated as having been given charge of Head Cashier Category 'C' from the date he became eligible for the same. He shall be paid the irreverses which he would have been paid if he had been appointed on the correct date he was eligible. Moreover, Vinod Kumar Golcha who has been posted by the Management wrongly is also eligible to retain the allowance he has been paid while working as Head Cashier Category 'C' from the date he took over upto the date of his relinquishment. Since he has worked on the post he was eligible to draw its allowance and Shri S. C. Sharma who has not been given his dues by the management shall be paid the due allowance from the date it became due upto the date he was re-appointed in that post of Head Cashier Category 'C'. This has happened due to the wrong interpretation of the scheme of the amalgamation by the management bank. The payments to Shri S. C. Sharma shall be made within three months from today. Parties are, however, left to bear their own costs.

AWARD

The Central Government of India in the Ministry of Labour vide its Order No. L-12012/631/88-D II (A), dated 18-8-1987 read with Order No. L-12012/427 90-I R. (B-II) dated 27-8-1991, has referred the following industrial dispute to this Tribunal for adjudication :—

"Whether the action of the Central Bank of India, Regional Office, Ambala Cantt in dismissing Shri J. K. Jain, Head Cashier at their Ambala Cantt. Branch w.e.f. 14-10-82 is justified? If not, to what relief is the concerned workman entitled?"

2. The concerned workman Shri J. K. Jain, was posted at Ambala Cantt. Branch of the Central Bank of India, as Head Cashier. He had been served with a chargesheet dated 25-8-81 as under :—

(i) That Mr. Jain applied for leave to avail L.F.C. from 16-4-79 to 20-4-79. He applied for L.F.C. advance of Rs. 600, which was sanctioned to him on 9-4-79. Although, Mr. Jain was to proceed on L.F.C. from 16-4-79 and with that intention he was allowed L.F.C. advance on 9-4-79 with the advice to produce the receipts/reservation tickets before proceeding on L.F.C. He never proceeded on L.F.C., nor he produced the required receipts/reservation tickets. At the same time, he unauthorisedly kept the advance with him. It is further reported that he remained on leave from 1-5-79 to 16-5-79 on L.F.C. informing the Branch that he is proceeding on L.F.C. but he did not produce any reservations/receipts for outward journey to Bombay. After he resumed duties, Mr. Jain was repeatedly advised by

the Branch Manager to submit L.F.C. bills, but he never paid any head, so much so, that he did not even care to reply the Branch Memo dated 22-6-79, wherein he was impressed upon to submit his L.F.C. bills. All these circumstances obviously indicate that Mr. Jain never proceeded on L.F.C. during 1-5-79 to 16-5-79, despite available L.F.C. advances. The advance thus, availed was in fact misutilised by Mr. Jain for his personal use, besides misrepresenting to the Branch that he was proceeding on LFC.

(ii) Again on 19-7-80, Mr. Jain applied for leave from 18-8-80 to 1-9-80 to avail L.F.C. An LFC advance of Rs. 2000 was sanctioned to him on 16-8-80 for undertaking onward journey. Although Mr. Jain resumed duties on 3-9-80, he did not submit any LFC bills, despite a Memo dated 27-9-80 served upon him by the Branch Office, Ambala Cantt, advising him to submit LFC bills. He never tendered a reply to the said Memo and he was again reminded vide Memo dated 18-11-80. His explanation received after a period of about 3 months that he fell sick alongwith his family members and could not proceed on LFC, is not at all satisfactory. This instance and the earlier instance quoted above, are clearly indicative of his intentions, never to proceed on LFC, is not at all satisfactory. This instance and the earlier instance quoted above, are clearly indicative of his intentions never to proceed on LFC, but to misutilise the advances availed from the Bank in guise of Leave Fair Concession, L.F.C. advance is allowed for a specific purpose and Mr. Jain had no authority to divert the funds for his personal consumption. It was obligatory on his part to have immediately refunded the advances to the Bank, if he had not proceeded on LFC, which he failed to do. Moreover, his silence for 3 months and repetition of the Act for consecutive two occasions, is nothing, but a deliberate attempt on his part to misuse a facility allowed by the Bank."

2. The case of the concerned workman, is that the ground for his dismissal from service was two LFC advances of Rs. 600 and Rs. 2,000. The first LFC advance of Rs. 600 was recovered from him alongwith commercial interest @ 18%. The second LFC advance of Rs. 2,000 also was recovered from him alongwith commercial interest @ Rs. 18%. It is further stated by him that initially the Bank had no intention of taking any disciplinary action against him, which is evidence from Central Bank of India, Ambala Cantt Letter No. FSTS/AKA/442/80/2658, dated 27-9-1980. It is further stated by him that later in terms of Memo No. FSTT/AKA/603/80/3101, dated 18-11-80, the Bank asked him to submit LFC Bill, telling him that interest at the commercial rate would be charged in case he failed to submit his LFC Bills. He has further stated that the disciplinary action taken against him, was not bona fide, but utterly malafide and wrongful, on the ground that the Disciplinary Authority had decided to propose the punishment of stoppage of one increment for a period of six months, which was later on changed in punishment of his dismissal from service without notice on the intervention of the higher authorities of Central Office of the Bank. All these allegations are denied by the management.

3. The case of the management is that the two Leave Fair Concession advances of Rs. 600/- and Rs 2000/-, given to the workman, were in fact misappropriated by him, as established on record during the Domestic enquiry conducted against him. This misappropriation was an act of gross misconduct, warranting his dismissal from service. It is further averred by the management that during the Domestic enquiry, full opportunity was given to the workman to disapprove the charges of misappropriation levelled against him. It is further stated that the bona fides of enquiry proceedings were never challenged by the workman at any stage. The findings recorded on the basis of evidence on record, have not been rebutted. Mere recovery of advances given to the workman on account of two leave fair concessions, which was misappropriated, would not mitigate the offence of the workman. He has committed an act of gross misconduct and has rightly been punished with his dismissal from service.

4. The concerned workman has not challenged the domestic enquiry in as much as he did not quote any instance of violation of principles of natural justice in conducting domestic enquiry by the management in the matter of chargesheet issued to him. Hence, fairness of the domestic enquiry need not be gone into.

5. The management have filed 9 documents and have examined Shri D. K. Gupta, Chief Manager (Personnel) as MW1/1.

6. The concerned workman has filed in all 61 documents and has examined Shri R. P. Sharma WW1/1, Shri Babu Lal WW2 and himself as WW3.

7. I have heard the representatives of the management and the workman, and have gone through the evidence on record.

8. The authorised representative for the management has referred the case of State Bank of India Vs. Samrendra Kishore Endow, reported in 1994 SCC (L&S), Page 687. It has been argued that this Tribunal has no powers to consider the quantum of punishment. It appears that this ruling of the Hon'ble Supreme Court, has not been understood in proper perspective. In this case an officer of the Bank had been punished after holding departmental enquiry. In appeal to the Board, the punishment awarded to the officer, was maintained. Ultimately the Officer filed writ petition, which was allowed after contest, and the punishment was set aside. In appeal preferred by the State Bank of India, the Hon'ble Supreme Court, laid down that the High Court administrative Tribunal, has no power to interfere with the quantum of punishment if the enquiry is held to be proper. It is further laid down that if the punishment is found to be harsh, the proper course would be to remand the matter to the Appellate Authority I do not think this authority will have any application to the present case. This Tribunal has been clothed with jurisdiction under Section 11-A of the ID. Act 1947 to look into the proportionality and/or legality of punishment, while High Court or Administrative Tribunal, have not been conferred with such powers. Therefore, I am not inclined to accept this line of argument advanced by the management.

9. In the present case, I am mainly concerned to examine the punishment awarded to the concerned workman.

10. Recovery of Rs. 2600/- together with commercial interest thereon @ 18% from the concerned workman has not been disputed by the management.

11. In the present case the domestic enquiry had been conducted by the Disciplinary Authority himself.

12. Exhibit W-1 is the photostat copy of the initial findings of the Disciplinary Authority, who had himself conducted the domestic enquiry, proposing punishment of stoppage of increment for a period of six months under para 19.8(c) of the Bipartite Settlement. This is undated. Exhibit W-2 is the photostat copy of the subsequent findings dated 28-7-82 on the same charge, proposing punishment of dismissal of the concerned workman from service without notice under clause 19.6(a) of the Bipartite Settlement dated 19-10-1966. Exhibit M-2 is the photostat copy of the order of the punishment of dismissal from service finally awarded to the concerned workman by the Disciplinary Authority. This is dated 13-10-1982.

13. In his deposition MW1, who was both the Disciplinary Authority as well as Enquiry Officer, has deposed that exhibit W-1 bears his signatures, when WW1 was confronted with the question by this court to offer explanation about two different findings proposing two different punishment for the same charge, he disclosed that the punishment under the second set of findings (Exhibit W,1) was proposed which was harsher than the earlier one, (Exhibit W-1), at the instance of the higher authorities.

14. The disciplinary action procedure (Ext. W-1) prevalent in the Central Bank of India, is on record, wherein para 8 is relevant on the point at issue involved in the present case. The said provision does not provide that Disciplinary Authority will seek guidance from the higher authorities while deciding the nature and quantum of punishment. Even otherwise also, such provision, if there would have been any, cannot be sustained under law. Because Disciplinary Authority, while deciding nature of quantum of

punishment, has to act independently without being dictated or promoted by any one whosoever, he may irrespective of his rank or status.

15. It is a case wherein admittedly the punishment has been awarded to the concerned workman by the Disciplinary Authority at the instance of the higher authorities, which is highly illegal and is an usurpation of the absolute domain of the Disciplinary Authority, in awarding punishment, as a result of which the order of punishment dated 13-10-82 cannot be sustained and the same is quashed.

16. Now, let me examine, as to whether the material on record, warrants any punishment in the present case in which money advanced for LFC had been recovered and/or refunded with commercial interest thereon at the rate of 18%. The only fault of the concerned workman, was that he failed to timely inform the Bank about his inability to proceed on L.F.C. due to medical reasons, and to timely refund the money received as LFC advance, by him. It is only because of this reason of late refund of advance money that the interest at the commercial rate had been charged from him otherwise no interest could have been charged on such advances. I think only stoppage of one increment with cumulative effect will meet the ends of justice. The workman is ordered to be reinstated with full back wages with interest @ of 12% per annum. Parties shall bear their own costs.

Employers in relation to the Management of Syndicate Bank,

AND

Their Workmen

APPEARANCE :

For the Workmen.—Mr. R. N. Sen, Advocate.

AWARD—PART-I

The Government of India, Ministry of Labour, by its Order No. L-12012/111/94, dated 14/29th July, 1994 had referred to the following Industrial Dispute for adjudication:

"Whether the action of the management of Syndicate Bank, Bombay in dismissing Shri G. P. Parse, Spl. Asst., from service w.e.f. 30-12-92 is justified? If not, what relief is the concerned workman entitled to?"

2. The workman, Gunwant Purshottam Parse, filed a statement of claim at Exhibit-2. He was appointed in The Syndicate Bank, the employer in 1971. He was working as a Special Assistant at Law College, Square since 9-12-86. It is contended that on 12-2-92 he was suspended for alleged malpractice. Thereafter he was given a charge-sheet under clause-1(e) of the Bi-partite settlement of 1966 on 27-5-92.

3. The workman contended that when a charge-sheet was issued to him he was not provided with the documents or list of witnesses alongwith it. It is averred that in a domestic inquiry which was held against him the Principles of Natural Justice were not followed. It is contended that even though he requested for appointment of lawyer to represent his case it was not recorded in the inquiry proceeding nor he was allowed to be represented by an advocate. It is asserted that because of it he could not defend his case properly and the inquiry is vitiated. It is submitted that the copies of the documents were not given to him in advance nor he was given the opportunity to study them. It is submitted that he was not given an opportunity to cross-examine the witnesses in detail as no opportunity was given. It is averred that without calling of the scribe of the alleged document the inquiry officer treated them to be proved and relied upon. It is submitted that without examining one H. N. Bhawad his report was relied upon. It is averred that he was not paid subsistence allowance as per the statement and under such circumstances the inquiry is vitiated. It is pleaded that the inquiry officer started the inquiry using undue pressure on the workman. The punishment which was awarded to the workman is disproportionate to the charge proved. It is submitted that under such circumstances the order of dismissal dated 30-12-92 be set aside and he may be reinstated in service in continuity alongwith back wages.

4. The management resisted the claim by the written statement Exhibit-3. It is averred that the domestic inquiry which was held against the workman was as per the Principles of Natural Justice and the findings of the inquiry officer are based on the evidence before him. It is submitted that the worker never represented that he wanted to be represented by an advocate. But this false plea is raised with an ulterior motive. It is averred that the copies of the documents were given to the worker. He gave and acknowledgement of the same and thereafter proceeded to cross-examine the witness on its basis. It is submitted that looking to the charge proved against the workman the punishment which is awarded is just and proper. Under such circumstances it is submitted that the worker is not entitled to any of the reliefs.

5. The issues are framed at Exhibit-8. Issues Nos. 1 and 1A are treated as preliminary issues. The issues and my findings thereon are as follows :—

Issues	Findings
--------	----------

- | | |
|--|------|
| 1. Whether the domestic inquiry held against the worker was against the Principles of Natural Justice? | Yes. |
| 1A. Whether the findings of the inquiry officer are perverse? | Yes. |

REASONS

6. The workman Parse examined himself at Exhibit-6 and relied upon the documents on the record. As against that

Mr. D. B. Shetty (Exhibit-10) the inquiry officer examined himself for the management and relied upon the documents on the record.

7. Exhibit-3/B-2, is a charge-sheet issued to the worker dated 27-5-92. It is very detailed charge-sheet. Sum and substance of the charge-sheet is that when supervising the departments he misappropriated amounts pertaining to bills received from M/s. A. L. Arunkumar Bombay for Rs. 6192.70; M/s. Dharampal Premchand Ltd., Delhi for Rs. 2,128.74; M/s. Hans Rubber Industries (P) Ltd., Meerut City for Rs. 914 and M/s. Hakens Sports Industries, New Delhi for Rs. 1,396 and proceeds of a Credit IBA No. 224 for Rs. 4,000 of our Gandhibagh Branch, Nagpur and to cover up such acts resorted to falsification of records. Hence, he was charged with doing an act prejudicial to the interest of the Bank v. to clause 19.5(j) of Bi-partite Settlement 1966.

8. Parse gave his statement of defence dated 13-6-92 (Ex-3). The management found the explanation unsatisfactory and decided to hold a departmental inquiry against him. The inquiry officer by name D. B. Shetty was appointed. Shetty affirmed that he informed Parse the date of the inquiry and the procedure to be followed by his notice (Exhibit-5). Parse affirmed that even though he requested the inquiry officer that he should be allowed to be represented through an advocate, he was not allowed to do so nor his request was recorded in the inquiry proceedings. The inquiry proceedings are at Exhibit-3/B-6. The inquiry officer had put a question to him whether he had brought or called the defence assistant in terms of the inquiry notice dated 27-5-92. He replied to it that "No" and he would defend his case himself. It can be further seen that in the written submissions which were filed by the worker there is no mention that the inquiry officer did not record his requests for appointment of the advocate to defend his case. On its basis it is tried to argue that the worker never represented to the inquiry officer to allow him to be defended by the bank. On the contrary it is submitted on behalf of the worker that this is not the case. The proceedings are not properly recorded. Therefore that remark is not there. I find substance in it.

9. D. B. Shetty (Exhibit-10) in his cross-examination admitted that he told the worker to contact the disciplinary authority for getting sanction for appointment of an advocate. This itself goes to show that the worker requested for an appointment of advocate to defend his case in the inquiry proceeding. There was no reason for that inquiry officer to make such a record in the inquiry proceeding. Nothing is shown to me that the inquiry officer was unable to grant that request or reject that request and thereafter the worker has to approach to the disciplinary authority for getting necessary sanction.

10. I have already referred to above that was the charge against him. It is a major charge. The punishment which is awarded to the worker is a major punishment. It is economical death of the worker. In writ petition No. 2404 of 1991 his Lordship Justice Desai had observed that the claim of engaging a lawyer before domestic Tribunal was never encouraged. It is further observed according to the judicial trend when the charges are serious and involve a criminal consequence it is held by that court in a decision reported in Anteri Vs. Chairman, Bank of India, Bombay 1983 LIC 613, such a permission can be granted. It is further observed that if such a permission is not granted it seriously affects the domestic inquiry and has to be said to be vitiated. Here in this case for the reasons stated above I find that the Principles of Natural Justice were not followed in not allowing the worker to be represented through advocate.

11. Alongwith the charge-sheet the worker was not given a list of witnesses and the documents on which the management wanted to rely. It is not in dispute that when the inquiry was for hearing on 19th August 1992 the management produced 47 documents and its copies were given to the worker. He was asked to verify its correctness and thereafter the worker was required to cross-examine the witnesses. On that date the management examined two witnesses. It appears that one witness was thoroughly cross-examined and not the other one. It can be seen that the worker even though faced with a charge-sheet on earlier occasion cannot be said to be ready for the cross-examination with such a volume of documents were produced in the inquiry proceed-

ings. Under such circumstances it has to be inferred that sufficient opportunity was not given to him to defend his case. It can be seen that on the very day inquiry was completed. No doubt the workman was given charge to file his written submission but that does not mean that he had opportunity to cross-examine the witness as per the requirement. On this ground also serious prejudice is caused to the worker to defend his case. It violated the Principles of Natural Justice.

12. So far as granting of allowance is concerned a vague allegation is made by the worker that he was not paid subsistence allowance as per the rules. I do not find merit in it unless it is supported by some documentary evidence.

13. So far as the charge-sheet which is given to the worker is concerned it is tried to allege that it is not proper. I do not find any merit in it. The charge-sheet is very detailed. It is clear in its term and it is given as per the provisions of the Bi-partite Settlement. There is no illegality in the same.

14. Shetty (Exhibit-10) affirmed that after analysing the evidence before him he submitted the detailed report and the findings on the charges levelled against Parse. The report is at Exhibit-3/8. He came to the conclusion that the charges are proved. It can be seen that the evidence which was lead before him cannot be said to be a proper evidence for the reasons which I have given above. Under such circumstances I find that the findings of the inquiry officer are perverse. In the result I pass the following order:

ORDER

The domestic inquiry which was held against the workman was against the Principles of Natural Justice.

The findings of the inquiry officer are perverse and not based on the proper evidence before him.

APPEARANCES .

For the Management--Shri R. N. Shah,
Advocate.

For the Workman--Shri Gadkari, Advocate.
STATE : Maharashtra.

Mumbai, dated the Eighteenth day of June, 1997

AWARD

1. The appropriate Government, by its order dated August 25, 1995 has referred the following dispute for adjudication to this Tribunal :

"Whether the action of the management of
Vijaya Bank, Bombay in dismissing Sri.

B. Shridhar Shetty, Clerk from service w.e.f. 11th February, 1992 is legal and justified ? If not, what relief is the said workman entitled to?"

2. The workman filed his statement of claim on 5th April, 1996. The management on Vijaya Bank filed its written statement on 28th June, 1996. No rejoinder was filed by the workman. However, he filed an affidavit dated 19th December, 1996 in support of his case.

3. Both the parties have filed documentary evidence but have not led any oral evidence except the aforesaid affidavit of the workman.

4. I have heard learned counsel for both the parties in great details. The case has a chequered history. The workman Shri B. Shridhar Shetty joined the services under the Vijaya Bank in October, 1977 as a Clerk. On 19-12-86 the workman was charge-sheeted for committing certain misconduct, inter alia abusing and assaulting one lady Smt. Andrea V. Ferns. A domestic enquiry was duly held and the Enquiry Officer found the charges levelled against the workman as "Not Proved". The disciplinary authority did not agree with the findings of the Enquiry Officer and after duly considering the matter punished the workman by stopping six increments permanently, which had the effect of postponing his future increments. This was done vide Order dated 26-10-1987.

5. It will not be out of place to mention that during the pendency of the domestic enquiry the workman was placed under suspension. However, after the punishment order as stated above had been passed on 26-10-87 the workman was by an order dated 27-10-87 transferred to Nagpur Branch of the Bank and it was specifically mentioned in the order that the revocation of suspension will take effect from the date of the workman's reporting at Nagpur Branch.

6. The workman filed an appeal before the Deputy General Manager against the order of punishment but his appeal was dismissed. Aggrieved, the workman preferred a writ petition before Honourable the Bombay High Court complaining that the appellate authority had not given him a personal hearing. Hon'ble the High Court by an interim order stayed his transfer to Nagpur and allowed him to be shifted from Mahim Branch to Wadala Branch. This writ petition was accepted and order of the appellate authority was set aside and the appellate authority was directed to dispose of the appeal afresh after giving personal hearing to the workman. The appellate authority in pursuance of the aforesaid order of the High Court heard the workman and also examined the written submissions advanced by him and by a detailed order dated 29th August, 1989 dismissed the appeal and upheld the order of punishment passed against the workman.

7. The aforesaid order of the appellate authority was challenged by the workman by filing another writ petition before Hon'ble the Bombay High Court by filing writ petition No. 329 of 1990. It may here be stated that the original order of transfer dated 27th October, 1987 was not acted upon in view of the fact that on 23rd of March, 1989, learned counsel for the management stated before Hon'ble the Bombay High Court that the said order of transfer dated 27-10-87 will not be acted upon. Consequently, the aforesaid order was not acted upon during the pendency of the aforesaid writ petition. However, the workman was shifted from Mahim Branch to Wadala Branch. However, when the workman had been finally punished as a consequence of his losing the appeal before the appellate authority a fresh transfer order dated 24-7-90 was passed transferring the workman from the Wadala Branch to the Nagpur Branch. He was also issued a relieving order dated 31-7-1990 and was directed to report for duty at the Nagpur Branch after availing 3 days joining time.

8. It is an admitted position that the workman did not carry out this transfer order as in his opinion the order suffered from mala fides and was an act of victimisation. This non-compliance of the order of transfer led to another charge sheet against the workman for the gross misconduct of defying and non-complying with the aforesaid transfer order. This charge sheet led to a proper domestic enquiry resulting in the report of the Enquiry Officer dated 28-9-91 holding the workman guilty of the said charge. The disciplinary authority furnished copy of the report of the Enquiry Officer to the workman and issued due show cause notice proposing punishment. In his reply to the show cause notice the workman submitted that he was being victimised by the Bank and should not be punished. Not satisfied by the explanation, the disciplinary authority passed the order of punishment dated 11-2-1992.

9. The workman has now challenged the action of the disciplinary authority in dismissing him from service with effect from 11-2-1992. The main contention of Shri Gadkari for the workman is that the transfer of the workman to Nagpur was mala fide exercise of power by the management and amounted to victimisation of the workman and hence the workman was justified in not complying with the transfer order. Hence he could not have been punished for non-compliance of the such a transfer order and therefore this tribunal should hold that dismissal is neither lawful nor justified.

10. Learned counsel for the management has submitted that the nature of the transfer order in question was considered by the Hon'ble the Bombay High Court in the writ petition filed by

the workman and Hon'ble the Benibay High Court has categorically held that the transfer order of the workman was not by way of any punishment but was made for administrative reasons. It is submitted that once the transfer order in question has been held to be valid by the Hon'ble the Bombay High Court in writ petition filed by the workman himself, the workman cannot be permitted to contend that his transfer order was mala fide and was by way of punishment and victimisation.

11. I have considered the rival contention. I may straight away state that the first punishment imposed upon the workman of stoppage of six increments having the effect of postponing his increments by six years became final and the legality of that order is no longer in question before me, though Shri Gadkari submitted that the 9th Metropolitan Magistrate, Bandra had acquitted the workman of the charge of inter alia assaulting Mrs. Andrea V. Ferns. To my mind, the subsequent acquittal of the workman after the order of punishment had become final is neither here nor there.

12. The first order of transfer of the workman dated 27th October, 1987 during the pendency of the domestic enquiry was not given effect to in view of the fact that a statement had been made by the Advocate of the Management before Hon'ble the High Court hearing writ petition of the workman that the said order will not be given effect to. However, the workman was shifted from Mahim Branch of the Bank to the Wadala Branch of the Bank at Bombay. Eventually, the workman was punished and was transferred to Nagpur. This transfer order came to be considered by Hon'ble the High Court. It was contended on behalf of the workman that the transfer to Nagpur from Wadala Branch was a punishment. The legality of the final transfer order (for non-compliance of which the workman was duly charge-sheeted and dismissed) was considered by the Division bench of Hon'ble the Bombay High Court in its judgment dated October 1, 1990. Wherein the division bench categorically held that the transfer of the workman to Nagpur was for Administrative reasons. The learned judges in their aforesaid judgment inter alia observed as follows :

"It has throughout been the contention of the respondent that the transfer of the petitioner to Nagpur is for administrative reasons. We have set out the circumstances in which the petitioner had to be shifted to the Wadala Branch from Mahim Branch; both being in the city of Bombay. In these circumstances, the reliance of the petitioner on Rule 1.1 of the guidelines relating to the transfer policy for clerical staff is misplaced. The

transfer from Mahim to Wadala Branch was not a transfer in the ordinary course of business but was occasioned on account of the hostile atmosphere against the petitioner in the Mahim Branch because of the incident in question. The petitioner cannot take advantage of this temporary transfer to Wadala Branch pending enquiry and contend that he should be kept at Wadala Branch for five years at least as per the said guidelines. The transfer to Nagpur is not by way of punishment but is for administrative reasons. (Emphasis supplied).

To my mind, once Hon'ble Bombay High Court found that the transfer of the workman from Wadala Branch to Nagpur was on administrative reasons and was not by way of punishment, the workman cannot be permitted to contend that the transfer was actuated by mala fide reasons and was an act of victimisation. The workman having invited Hon'ble the High Court to pronounce its opinion on the legality of his transfer from Wadala to Nagpur cannot be permitted to turn round and say that the aforesaid findings of the Hon'ble High Court is not correct and proper. Shri Gadkari strenuously contended before me that full facts were not placed before the Hon'ble High Court and therefore the aforesaid findings of the Honourable the High Court should not deter this tribunal from holding that transfer of the workman from Wadala Branch to Nagpur Branch was mala fide and was an act of victimisation. In this context, he repeatedly stressed that in his affidavit the workman had stated that the transfer order was illegal, improper and an act of victimisation. It is submitted that this statement was not subjected to any cross-examination and must be held to be true and correct. In my opinion the arguments are devoid of all merit. The circumstances under which the workman had been shifted from Mahim to Wadala and then had been transferred from Wadala Branch to Nagpur have been discussed by Hon'ble the High Court. If the workman thought that full facts had not been placed before Hon'ble the High Court, he could have made a request before Honourable the High Court for placing such facts which would have gone to show that the aforesaid transfer order was illegal, improper and an act of victimisation. He did not adopt that course and having taken a chance that finding may go in his favour he cannot be permitted to turn round in these proceedings and say that the order of honourable the High Court was not based on correct facts. The principle of res judicata and estoppel apply to industrial adjudication also and in my opinion the contention of the workman on this score is barred both by the principle of constructed res judicata and also by the principle of estoppel.

13. The workman could have alternatively requested the High Court that it may not pronounce upon the legality or otherwise of his transfer from Wadala branch to Nagpur and then the Hon'ble High Court in its wisdom would have restrained itself from deciding the question.

14. To my mind, the question of legality and propriety of the transfer of workman from Wadala Branch to Nagpur having been adjudicated by Honourable High Court, in exercise of its writ jurisdiction is binding upon the parties and to my mind the present proceedings are a gross abuse of the process of industrial adjudication.

15. The workman defied and disregarded deliberately his order of transfer from Wadala Branch to Nagpur. In my opinion, when this fact is admitted, he cannot be permitted to complain that he was unjustly punished. I find no illegality, impropriety or unjustice in the order of dismissal of the workman and he does not deserve any sympathy of this tribunal.

In the premises aforesaid this claim of the workman is rejected with costs and I hold that the dismissal of the workman was eminently justified, legal and proper.

Award is made accordingly.

Industrial Dispute No. 142 of 1992

In the matter of dispute :

BETWEEN

Kamlesh Chaturvedi,
General Secretary,
New Bank of India Staff Union,
123/F/75, Kidwai Nagar,
Kanpur-208001.

AND

Regional Manager,
New Bank of India,
94, Mahatma Gandhi Marg,
Lucknow.

AWARD

1. Central Government, Ministry of Labour New Delhi vide its Notification No. L-12012/249/92-I.R.(B-2) dated 4-12-92 has referred the following dispute for adjudication to this Tribunal :

Whether the action of Regional Manager, New Bank of India, Lucknow of terminating services of ex-employee Sh. Mahendra Kumar Verma w.e.f. 4-2-89, is justified ? If not what relief the workman is entitled to ?

2. There was formerly New Bank of India, having its branch at Ghatampur in Distt. Kanpur. This Bank was merged with the opposite party Punjab National Bank in 1993.

3. The case of the concerned workman is that he was engaged in subordinate cadre of the then New Bank of India in September 1985 at the above mentioned Ghatampur branch. Work of Peon like laying of Bank Accounts Book at various tables,

moving of files, purchase of stationery, posting of dak, closing of books at the close of day and providing water to staff for drinking. He continuously worked upto 4-2-89 when his services were brought to an end in breach of Section 25F and I.D. Act. He was paid Rs. 10 per day as wages which was increased to Rs. 15 later on.

4. In the written statement the opposite party bank has alleged that the concerned workman was engaged to supply water and his duty was for one hour per day. He was never engaged to perform duty of a peon. In fact he never performed such duties.

5. In the rejoinder fresh facts alleged in the written statement have been denied.

6. In support of his case the concerned workman Mahendra Kumar Verma WW(1) has been examined beside Ext. W-1 to Ext. W-70 documents have been filed. In rebuttal there is evidence of the then branch manager Sangam Lal Gupta MW(1).

7. Mahendra Kumar Verma WW(1) has stated that he was engaged as Peon in 1985 and he worked upto 4-2-89. He used to do work of Daftari. In his cross examination he was stated that no appointment letter and termination order was issued in writing. His attendance was not marked in register. Wages were paid through voucher. On the other hand Sangam Lal Gupta has stated the concerned workman was engaged as Water Boy from September 86 to January 87. He never performed the job of Peon. In his cross examination he has stated that concerned workman was engaged for a fix period. Voucher of wages would be lying in the Bank. Thus from his evidence it appears that this witness has not examined the voucher of the concerned workman which are still available in Bank that would have the best evidence to prove the number of days. Since this witness has not given evidence on the basis of record his evidence is weaker than that of the concerned workman. Beside there are documents filed by the concerned workman which go to show that he was engaged as a temporary Water Boy. Ext. W-2 to Ext. 51 are papers which go to show that the concerned workman had gone to Post Office for getting to letter posted and registered which is certain the job of a Peon. Ext. 62 to Ext. 56 are the credit cash receipts through which the concerned workman was paid these charges. Further there is Ext. 58 a letter issued by the branch Manager Ghatampur to Asstt. General Manager in which the concerned workman has shown as a temporary Water Boy. Thus from these papers it became clear that the concerned workman was required to perform the job of a Peon. The case of the management that the workman was engaged to supply water for one hour is not correct.

8. Hence my finding is that concerned workman was actually engaged to perform the work of Peon.

and was paid Rs. 10 as wages. My further finding is that concerned workman has completed more than 240 days in a year. Admittedly no retrenchment compensation and notice pay has been paid to him at the time of termination. Hence this termination is bad being in breach of Section 25F I.D. Act.

9. The concerned workman Mahendra Kumar Verma WW-1 has stayed that after his removal one Ramesh Kumar was engaged but no opportunity was given to him. This fact has been categorically denied by Sangam Lal Gupta MW-1. In the absence of further more evidence from the side of workman, I do not accept the evidence of workman. Hence it is held that there has been no breach of Section 25H I.D. Act.

10. In the end my award is that termination of concerned workman being in breach of Section 25F is bad in law and the concerned workman will be entitled for reinstatement with back wages at the rate at which he was getting his wages per day at the time of his termination.

AWARD

1. Central Government Ministry of Labour, New Delhi vide its Notification No. L-12012/49/92-I.R. B-2 dated 3-7-92 has referred the following dispute for adjudication to this Tribunal :

Whether the claim of Sh. Nirmal Kumar Tiwari that he was employed at the Birhana Road Branch Kanpur, of Punjab National Bank from 14-1-87 to 4-2-89 continuously and that termination of his services by the management of Punjab National Bank was in violation of Section 25F, G & H of the I.D. Act, is correct ? If so, what relief the workman is entitled to ?

2. The case of concerned workman Nirmal Kumar Tiwari is that he was engaged as a Peon-Cum-Water Boy/Sub staff on 14-1-87 at Birhana Road Branch Kanpur of opposite party Punjab National Bank. He continuously worked upto 4-2-89, where after his services were terminated. During this period he had completed than 240 days in a year. Yet when he was removed from service no notice pay and retrenchment compensation was given. Hence this termination is bad being in breach of Provision of Section 25F I.D. Act. Beside there has been breach of provision of Section 25G and H I.D. Act.

3. In the written statement it was alleged that the concerned workman was engaged as daily rated worker to perform casual work. He did not do any work connected with the working of Bank. He had not completed 240 days in a year. There had been no breach of provision of 25G and H I.D. Act.

4. In the rejoinder fresh facts alleged in the written statement have been denied.

5. In the case joint inspection was made the report is dated 18-6-96 in on record beside there is evidence of Nirmal Kumar Tiwari WW(1) in rebuttal there is evidence of Manager Personnel S. Kapoor MW(1).

5. The concerned workman Nirmal Kumar Tiwari has stated that he had continuously worked from 24-1-87 to 4-2-89 as Peon-cum-Waterman.

In his cross examination he had denied that he had worked for 117 days only. S. Kapoor MW(1) has not said any thing in this regard. Thus the evidence of concerned workman in this regard is unrebutted. Further it find support from joint inspection report as well. I accept the evidence of concerned workman and hold that he has worked for more than 240 days in a year before his termination, as a daily rated worker. Admittedly no retrenchment compensation and notice pay has been given. Hence his termination is bad being in breach of Section 25F I.D. Act.

6. There is no pleading or no proof to show that any one junior to the concerned workman has been retained in service. Hence provision of Section 25G have been violated.

7. The concerned workman Nirmal Kumari Tiwari WW(1) has stated that Vijai Kumar by name has been engaged but no opportunity was given to him. This fact has been denied by S. Kapoor MW(1) who has stated this Vijai Kumar was appointed in 1985, that much before the engagement of concerned workman. In view of this it has had that there has been no breach of Section 25H I.D. Act.

8. In the end my award is that termination of concerned workman being in breach of 25F is bad in law and the concerned workman will be entitled for reinstatement with back wages at the rate at which he was getting his wages per day at the time of his termination.

AWARD

1. Central Government, Ministry of Labour, New Delhi, vide its notification No. L-12012/280/92-IR-B-2 dated 9th December, 1992 has referred the following dispute for adjudication to this Tribunal—

Whether the action of the management of Central Bank of India in awarding punishment to Sri Ram Swarup Clerk Central Bank of India Katra Branch, Allahabad vide disciplinary authority's order No. RC|PRS|BR|13|A|9|550 dated 16th September, 1985 is legal and justified? If not, to what relief Sri Ram Swarup is entitled to?

2. There is no dispute that the concerned workman Ram Swarup was working as a clerk in Ratsar Branch in District Ballia of the opposite party Central Bank of India. He was served with a chargesheet dated 17th/20th January, 1983 which comprises of three charges. Charge No. 1 related to disobedience of the order of Branch Manager. Charge No. 2 related to Gherao of the Branch Manager. Charge No. 3 related to holding up of the work of Bank due to this gherao. The charge sheet runs as under :—

- On 7th August, 1982 at 11.55 a.m. at Ratsar Branch an account holder of HSS

Account No. 46 Sri Suresh Bahadur Singh presented a withdrawal form of Rs. 400 which was returned by Ram Swarup stating that now no withdrawal will be passed. At this Sri Singh came to the branch Manager and said that although he had come to the branch within time and he needed the money urgently, Sri Ram Swaroop, the clerk concerned was not posting the said withdrawal. At this the Branch Manager gave a written order on the withdrawal form to Sri Ram Swaroop for the posting of the said withdrawal stating that he will not post the withdrawal "what may come". Thus Sri Ram Swaroop wilfully disobeyed the written orders of the branch manager and therefore for his above act of wilful insubordination and disobedience of the written order of the Branch Manager Sri Ram Swaroop is charged with gross misconduct under para 19.5(e) of the Bipartite Settlement.

2. On 7th August, 1982 from 1.00 p.m. to 2.30 p.m. at Ratsar Branch Sri Ram Swaroop alongwith Sri Arvind Kumar Sinha, Ag. Ass'tt. and Sri Raj Bali Ram clerk gheraoed the Branch Manager and behaved indecently and by holding the hands of the branch Manager forcibly obtained the acknowledgment of the complaint letter of Sri Raj Bali Ram had the branch Manager not acknowledged the said complaint letter. Messrs Ram Swaroop, A. K. Sinha and Raj Bali Ram would have assaulted the branch Manager. For his above noted indecent behaviour on the premises of the bank. Sri Ram Swaroop is charged with gross misconduct under para 19.5(C) of the Bipartite Settlement.
3. On account of the above noted charges of the branch Manager and indecent behaviour of Sri Ram Swaroop, the branch functioning at Ratsar was held up interrupted from 1.00 p.m. to 2.30 p.m. on 7th August, 1982. The above act of Sri Ram Swaroop is being prejudicial to the interest of the bank. Sri Ram Swaroop is charged with gross misconduct under para 19.5 of the Bipartite Settlement.

After completing enquiry the enquiry officer submitted the report on 10th August, 1985. It was found that charge No. 1 was not proved whereas charges Nos. 2 and 3 were partly proved. The concerned workman was awarded punishment of one increment by way of punishment by order dated 16th September, 1985. Appeal was also dismissed feeling aggrieved the concerned workman had

raised the instant industrial dispute. In the claim statement the fairness and propriety of domestic enquiry was questioned which fact was denied by the opposite party hence a preliminary issue was framed regarding fairness and domestic enquiry. Vide finding dated 6th January, 1997 this tribunal held that enquiry was not fairly and properly held. Hence, the management was given opportunity to prove the misconduct on merits. It has already been noticed that charge No. 1 was not found to be proved by the enquiry officer, hence it need not be considered again as it has become final. As regards charge Nos. 2 and 3 the enquiry officer has held that no force was used and only gherao was made. It was further held that working of bank was heldup for some time. Hence we have to examine as to whether the branch Manager was gheraoed and working of the bank were interrupted. For this there is evidence of branch Manager B. M. Upadhyay M.W.I. He has stated that on 7th May, 1982 the concerned workman, Raj Bali and A. K. Sinha and others had gheraoed him in the branch and he was not allowed to go outside. In his cross examination, he has admitted that officials of the branch wanted to give a memorandum which he had refused to take.

3. Ram Swaroop W.W.I has stated that he had gone to submit a memorandum but had not gheraoed the manager. Thus there is oath against oath. I am inclined to believe the version of the management. It is common case of the parties that the concerned workman alongwith others had gone to submit a memorandum to the branch Manager which was refused by the later. There is every possibility that this refusal would have infuriated the members of the staff and would have impelled them to gherao the branch manager. Hence because of this probability, I accept the version of the bank management and hold that concerned workman had also gheraoed the Branch Manager which is certainly an act of misconduct. It is further held that this would have unnecessarily resulted in interruption of bank work as well. Thus charges 2 and 3 are found to have proved as were found by the enquiry officer. The punishment awarded to the concerned workman is less than dismissal or removal from service. Hence Tribunal cannot go into the propriety of the punishment. Thus my award is that the concerned workman was rightly punished and he is not entitled for any relief.

APPEARANCES :

AWARD

1. Central Government, Ministry of Labour, New Delhi, vide its Notification number 17012/55/91-IR(B-II) dated 1st December, 1991, has referred the following dispute for adjudication to this Tribunal :—

Whether the claim of Sri Rais Ahmad that he is entitled to be appointed regularly in the services of the LIC on the basis of the services rendered by him between 1978—1990 is justified? If so, what relief the workman is entitled to?

2. There is no dispute that earlier concerned workman Rais Ahmad was engaged from 9th August, 1978 for a period of 85 days as temporary Plumber thereafter he was again given appointment for 85 days from 26th October, 1978 which lasted upto 15th February, 1979. The case of the applicant is that during this period a maintenance cell was created in the opposite party Life Insurance of India and he was appointed as a permanent plumber. With effect from 15th February, 1979, the terms and conditions of services of the concerned workman were changed and instead of fixed pay he was paid Rs. 60 per day. He continued to work like this upto 10th October, 1979 thereafter, his services were brought to an end. The work of plumber is still continuing. This termination is bad having not been preceded by any show cause notice. Hence, it is bad in law.

3. The case of the opposite party Life Insurance Corporation of India is that the concerned workman was initially appointed for a fixed period by two separate orders. Thereafter it was decided that maintenance cell should be wound up and consequently after expiry of period of service, work was taken from the concerned workman on job basis as and when necessity arose. Thus from 16th February, 1979 concerned workman was never in service. Hence, question of his reinstatement on the job of plumber much less on permanent basis does not arise.

4. In the rejoinder new facts raised in the written statement have been denied.

5. In support of his case the concerned workman Rais Ahmad W.W.I has examined himself whereas Rakesh Chandra Shukla, M.W.I an officer has examined himself. Besides W-1 to W-156 have been filed by the concerned workman whereas management has filed Ext. M-1 to M-67.

6. The first point which needs consideration is as to whether the initial appointment of the concerned workman was for fixed period. Ext. W-2 is the appointment letter dated 8th August, 1978 which goes to show that appointment has been made for a period of 85 days. Ext. W-3 is a letter which would go to show that the maintenance cell has

been established in which Rais Ahmad has been shown as plumber. From these papers it becomes clear that the concerned workman was lateron taken for indefinite period. It is the own case of the concerned workman that w.e.f. 16th February, 1979, work like regular employee was not taken from him. Instead he was required to do job work on payment of Rs. 60 per day. Thus in fact the concerned workman was removed from his services w.e.f. 16th February, 1979 and thereafter work was taken from him as a private plumber on the basis of Rs. 60 per day. This conclusion is reinforced from Ext. M-1 to M-30 and M-67 which go to show that concerned workman lateron used to submit bills and material which was utilised by him. On the basis of these bills he was made payment through Ext. M. 31 to M. 66. Had he been in service he would not have himself purchased the materials and use for performing the job of plumber and would also have not have claimed labour charges for this. Similarly papers filed by the concerned workman like W-9 to W-13 and W-46 to W-156 also go to show that concerned workman was assigned certain job work. Other papers like Ext. W-38 to W-43 are statement of budget control register but it does not throw any light of relationship of master and servant between the concerned workman and opposite party. Thus from all these papers as said earlier it is established that there was cessation of work of the concerned workman w.e.f. 16th February, 1979 and thereafter he worked as private plumber. Thus there was no relationship of master and servant. Hence question of termination of services and giving of regular appointment does not arise. As such my award is that as the concerned workman was removed from service w.e.f. 16th February, 1979 and was not in service in 1990 he is not entitled for any relief.

AWARD

The Central Government in the Ministry of Labour vide its Order No. L-12012/44/91-I.R.B-2 dated 24-6-91 has referred the following industrial dispute to this Tribunal for adjudication :

“Whether the action of the management of United Bank of India in dismissing Shri A. H. Khan from services of the Bank is justified ? If not to what relief is the workman entitled ?”

2. The workman in this case represented originally by Shri I. D. Chopra. Shri I. D. Chopra died and did not appear on 11-1-94 when one V. K. Mehta appeared for the workman. Thereafter none appeared on behalf of the workman until 10/94 when the workman was ordered to be proceeded against ex parte.

3. The Management filed affidavit of one of its witness namely Nand Lal Jaitly, Deputy Regional Manager.

4. Since none for the workman has appeared nor any evidence was led as against the affidavit of the management witness, it appears that the

workman was not interested in pursuing this dispute and there is nothing to suggest that the action of the management in dismissing the workman from the service was not justified.

5. In view of the affidavit of the management and no evidence on behalf of the workman it is held that the action of the Management in dismissing the services of Shri A. H. Khan workman was fully justified. Parties are, however, left to bear their own costs.

I.D. No. 60/86

In the matter of dispute :

BETWEEN

Shri N. K. Pandey through
The State Vice-President.
U.P. Bank Employees Union,

Versus

The Deputy General Manager,
Union Bank of India,

APPEARANCES :

Shri N. K. Pandey—for the workman.
None—for the Management.

AWARD

The Central Government in the Ministry of Labour vide its Order No. L-12012/161/85-D.JI (A) dated 24th July, 1986 has referred the following industrial dispute to this Tribunal for adjudication :

"Whether the action of the management of Union Bank of India in imposing on Shri N. K. Pandey the punishment of stoppage of two increments with cumulative effect and in treating the period from 30th November, 1984 to 7th January, 1985 as leave without pay is justified? If not, to what relief is the workman entitled?"

2. The workman in his statement of claim has alleged that he had been leading trade unionist and has held different posts of the union at District, State and all India level, as stated in claim. His active participation in the general trade union activities and authorised conduct in opposition to irregular acts involving malpractices prejudiced the management made the management victimise him. He was served with two charge sheets dated 27th April, 1983 and 16th June, 1983. The charge sheets were vitiated because charges were vague and no evidence which was based on these charge sheets was cited. The charge sheet was issued with close mind. It has further been alleged in the statement of claim that the charge No. 1 regarding demonstration at Central Bank of India was not covered by any of the gross misconduct specified in the charge sheet. The rest of demonstration was a trade union activities and did not amount to any misconduct. The departmental enquiry conducted by Shri K. K. Dhawan was in violation of the principles of natural justice. There was violation of paragraphs 18.20, 18.24 and 18.28 of the Desai Award. The report of the Enquiry Officer was not fair nor any proper opportunity was given to the workman to defend his case and findings were perverse and based on conjectures and surmises. It was prayed that the punishment imposed on the workman was highly excessive and principles of law and natural justice. Hence action of the management be declared illegal and unjustified.

3. The Management representative on the other hand in its written statement denied the allegations

made in the statement of claim and alleged that full opportunity was afforded to the workman to lead evidence, cross-examine the witnesses and the documents asked for by him were supplied to him. There was no violation in the enquiry proceedings of any principles of natural justice and the rules laid down in the different awards and settlements between the management and the Union were complied with and lenient view was taken by the management while awarding this punishment though enquiry officer had suggested dismissal from service but only stoppage of increment was imposed upon the workman. There was no ground to either interfere in this action of the management as the same was fully justified.

4. The Management in its evidence examined Shri K. K. Dhawan Chief Manager Personnel while the workman examined Shri Brijendra Singh WW1 and himself appeared as WW2.

5. I have heard representatives for the parties and have gone through the record.

6. The representative for the management has urged that it was proved that Shri N. K. Pandey has committed acts of misconduct. The enquiry was conducted by the enquiry officer fully consistent with the principles of natural justice and fair play. The workman was extended full opportunity to defend or represent his case. He was represented by a representative of his own choice and was allowed to inspect the documents as required by him. Full opportunity to cross-examine the witnesses was afforded to the workman, and he submitted his written defence in respect of the aforesaid charges which was fully considered by the enquiry officer. The Enquiry Officer found certain charges as fully proved which constituted gross-misconduct and the enquiry officer recommended that the services of the workman be terminated. However, the punishment of dismissal was not awarded and stoppage of two increments permanently was awarded to the workman.

7. The representative for the workman on the other has urged that the grounds taken by the workman in his statement of claim fully proved his case and the action of the management was unjustified and vindictive against him. None of the charges framed against him were proved. Representative has further urged that the evidence produced by him on record and the documents clearly establish that the enquiry conducted against him was not fair and proper and the punishment awarded to him should be set aside being not justified.

8. After having gone through the points urged before me by the parties representatives I am of the opinion that there was nothing to suggest that the departmental enquiry conducted by the Enquiry Officer was not consistent with the principles of natural justice and fair play or

there was any violation of any rules and regulations of the bank. The workman was extended full opportunity to defend his case. He was represented by the representative of his own choice. In his cross-examination he has himself admitted that he was represented by Shri Brijender Singh who was representative of his own choice. He also admitted that he was allowed to produce witness of his own choice in the enquiry proceedings. Shri Brijender Singh in his cross-examination who acted as his representative, admitted that he was given full opportunity to cross-examine the witnesses of the management. There is nothing to suggest that the enquiry conducted by the Enquiry Officer who himself has come into the witness box and has stated on oath was fully justified and there is nothing to suggest any illegality or otherwise in these enquiry proceedings any violation of the principles of natural justice or any rules and regulations/ settlements as has been pointed out by the representative which could lead to the conclusion that the enquiry was not fair and proper.

9. In view of my above discussions, I am of the opinion that the enquiry conducted by the management against the workman was fully justified and legal.

10. I have also heard representatives for the parties on the quantum of punishment. The Enquiry Officer in conclusion of his enquiry had suggested the dismissal from service but the Appellate Authority after having given an opportunity of being heard to the official concerned changed the punishment of dismissal and ordered stoppage of two increments permanently treating period from 30th November, 1984 to July, 1985 as leave without pay was fully justified.

11. Keeping in view the circumstances of the case and a lenient view taken by the Appellate Authority on humanitarian grounds, I am of the opinion that the punishment awarded to the workman was fully justified. Parties are left to bear their own costs.
